Christmas Holiday Accidents May Take 650-700 Lives

CHICAGO (AP)—Traffic accidents during the long Christmas holiday, the National Safety Council estimates, may kill between 650 and 700 persons and cause disabling injuries to between 27,000 and 33,000 others.

The council's estimates cover the 102-hour holiday period from 6 p.m., local time, Friday, Dec. 21 to midnight Dec. 25.

The council said Monday that during a comparable nonholiday period at this time of year, 470 persons are killed and 20,000 suffer disabling injuries.

The record traffic death toll for any holiday period was the four-day Christmas period of 1936 when 706 persons lost their lives in highway accidents. In last year's three-day Christmas holiday, traffic deaths totaled 524.

The nation's traffic death toll in the first 10 months this year, averaged 110 a day for a total of 33,430, a record high for any single 10-month period.

But after that, starts the debate over disputed ballots of which there may be as many as 30,000, according to preliminary estimates.

But the individual teams, one member representing each party and the third a neutral, probably will pare the disputed number to about 6,000. These, then, will be sent to St. Paul for a final determination by the three-member panel of judges supervising the recount. It was expected that check probably would start about Jan. 7.

The count will be undertaken in auditors' offices of the state's 87 counties on petition of DFL Lt. Gov. Karl Rolvaag, a 142-vote loser to incumbent Republican Gov. Elmer L. Andersen.

District judges supervising the procedures are Sidney Kaner, Duluth; J.H. Sylvestre, Crookston; and Leonard Keyes, St. Paul. The panel Monday issued detailed instructions to the counting teams.

Following completion of the last county recount, the panel gave attorneys for both sides three days in which to lay down specifications on any irregularities charged in connection with the voting on Nov. 6.

Another three days after that was allowed for similar protests on any alleged irregularities noted in connection with the recount itself.

To insure that inspectors make no undetectable marks on ballots, the panel of judges instructed that the teams use red pencils only in pointing up any discrepancies in the markings. Only black pencils were used in the voting.

Only the inspection teams and county auditors or their deputies will be allowed in the rooms where the recounting is carried out.

It brought out word, too, that Kennedy still thinks he is right in forcing a rollback of steel prices and in ordering troops onto the University of Mississippi campus to protect Negro James H. Meredith.

It was a calm, poised President in an informal, relaxed manner talking with three men who cover the White House for television and radio.

The interview was filmed Sunday afternoon in Kennedy's oval office at the White House. It lasted 90 minutes and then was condensed to 60 by the networks.

WASHINGTON (AP)—The A3, an advanced model of the Polaris submarine-launched missile has suffered six consecutive test failures but the Navy said its future prospects are excellent.

The A3 Polaris is designed to carry a nuclear warhead 2,875 miles after being fired from a submerged submarine. This is more than 1,000 miles beyond the range of models now in the tubes of U.S. missile-firing subs on patrol in the North Atlantic.

The most recent failure came on Dec. 6 when the missile shot out of control and was destroyed intentionally by a range safety officer at Cape Canaveral, Fla.

All six tests were launched from land pads. The Navy said the failures resulted from a different cause each time.

But Gage did say that he couldn't suppress all the talk "that is going on in Mankato."

It was indicated that this included a vast stepped-up campaign by civic groups to gain the university label.

Mankato has a current enrollment of 6,282 full- and part-time students.

Herbert Olson, Bemidji, cited that, should Mankato's status be altered it would adversely affect the colleges' bond and other programs.

"My responsibility is to urge the program of the five colleges and I can do nothing else," Gage replied. "Now, I can't say that if the legislature changes that situation, I'm going to do something drastic about it."

Gage said that he had told President C. L. Crawford that it was not the college's business to advocate university status. He said that should be the job of the Liaison Committee on Higher Education.

Imms' statement came after the proposal had provided some sharp exchanges at the Monday meeting of the State College Board. They centered on F. Kelton Gage, Mankato board member who also is legislative chairman for the group.

Gage was asked whether, in view of the university status talk for Mankato, he felt he could work wholeheartedly in behalf of all five colleges with the legislature.

ST. PAUL (AP) — Mankato, largest of the five state colleges, would gain university status and have its own governing board under a proposal to go before the 1963 legislature.

It would be a definite advantage for the young people of populous southern Minnesota to have an institution with university status," said State Sen. Val Imms, Mankato, announcing Monday night that he would introduce such legislation.

Vote Recount Set to Begin On Wednesday

The recount of Winona County's gubernatorial votes will start at 9 a.m. Wednesday at the office of County Auditor Richard Schoonover.

Apparently nobody involved in the county here has yet received mailed instructions from the Ramsey County District Court which is supervising the recount. Instructions may arrive this afternoon.

Duane M. Peterson, county DFL chairman, said the local team of inspectors will be at Schoonover's office at 9 a.m. Wednesday to start the count. Representing the DFL will be Holliis Larsen. Representing the Republicans will be John R. Breitlow. A selection for this team has not yet been made of previously appointed neutral inspectors. They are Van H. Kahl, George E. Kelley and the Rev. Harold Rekstad who is an alternate.

William P. Theurer, county Republican chairman, was out of town today and could not be reached for comment.

County residents cast 15,102 votes in the race for governor—4,272 for the Republican incumbent, Gov. L. Andersen; 6,701 for the DFL candidate, Lt. Gov. Karl Rolvaag, and 129 for William Braatz, Industrial Government Party—according to the county canvassing board.

Ohioan Sentenced In Fillmore Co.

PRESTON, Minn.—Sentencing of the Toledo, Ohio, man implicated in the kidnapping of a Rochester salesman in 1959, a divorce case and action to quiet title were handled by Judge Warren F. Plunkett in Fillmore County District Court here Monday.

Gilbert E. Lafontaine, 29, was sentenced to an indeterminate term up to five years at the state prison at Stillwater on a charge reduced from kidnapping to second degree robbery, to which he had pleaded guilty. Sentencing followed an investigation.

Lafontaine was represented by Clem Snyder, court-appointed counsel. Lauritz Peterson, Bismarck, N.D., previously was sentenced for his part in luring J. L. Wood to a chair in a deserted shack near Fountain and taking his wallet.

Grace Metzger was granted a divorce from Eli Metzger on grounds of cruel and inhuman treatment. She was given custody of their two minor children. Support money was stipulated.

Mrs. Metzger, Chaffield, was represented by Snyder & Joerg, Preston.

A clear deed was awarded Norval Morse, Preston, from Earl Pooler and others.

When the regular term of District Court will resume is uncertain. Clerk of Court Kenneth Hall said. Two jury cases remain. Next special term will be Jan. 21.

First Jury Trial Scheduled in New Courtroom at Alma

ALMA, Wis.—L. Trempealeau County Judge A. L. Twesme will preside over the first jury trial in the new Buffalo County court room here beginning Thursday at 10 a.m.

Dominic and Gertrude Wozney, Town of Buffalo farmers, are suing State Farm Mutual Insurance Co. for \$5,000 damage to the bridge on their private road which they allege collapsed after Larry Wiczorek drove over it with a truck.

Buffalo County Judge Gary B. Schlosstein is not trying the case because of his acquaintance with the parties.

It'll Be Christmas A Week From Now

Two Dormitories, Student Center Slated at WSC

Winona State College will build two 200-bed dormitories, a food service facility and a student union within the next few years if the legislature approves a proposal of the State College Board, Dr. Nels Minne, Winona State president, announced today.

Under the plan, which the board approved Monday at a St. Paul meeting, the first dormitory would be ready in 1964, the second in 1965 and the food service and student union sometime in the next few years.

The dormitories and food service would be financed 75 percent by a revenue bond issue and 25 percent by a legislative appropriation.

If the legislature approves the plan, Dr. Minne said the student center would be financed entirely by revenue bonds. Last September Winona State students started paying a \$15 annual levy—\$5 a quarter—to help finance the bond issue for the center.

Dr. Minne said one of the proposed dormitories would be for men and the other for women.

Monday the State College Board agreed to ask the legislature for a total of \$13 million in revenue bonding authority—\$4 million to finance student unions at each of the five state colleges, and \$9 million for the dormitory and food service program.

The dormitory and food service program would cost a total of \$12 million with \$3 million as a legislative appropriation.

Attending the board meeting with Dr. Minne was Harold O. Murck, Winona State Business manager. S. J. Kryzsko is on the board.

Ald. Henry Parks, who had sided with a 5-4 majority against issuance on two previous occasions, switched his vote because he said he did not like to see a property owner pay taxes on an empty building if it could be helped.

Voting to grant the request were Ald. Parks, Daniel Bambenek, Mrs. Mary Masysga, Clarence Tribell and James Stoltman. Opposed were Ald. Harold Briesath, Mrs. Muriel Ollom, Howard Baumann and Lloyd Deilke.

There had been opposition because Mayer holds a job in addition to proposing to operating the tavern.

Winona Theatre Co. was granted a license for 1963.

Cigarette licenses were issued to:

Hal Rod Bowling Lanes, 403 W. 3rd St.; Leonard & Lloyd's Confectionery, 410 Center St.; Frank Breza, 700 W. 5th St.; Erickson Oil Products, 117 Johnson St.; Herb Brand, 501 W. 4th St.; Warren's Market, 477-479 W. 5th St.; Roy S. According to Chief of Police George Savard, Harwood has admitted taking a number of vehicles during October and November. One of the stolen vehicles was not even reported stolen by its owner, he said.

Harwood will face other charges, Savard said. He will be charged with failure to yield the right of way to an emergency vehicle, speeding, reckless driving, driving in the wrong lane of traffic and running three stop signs and two traffic signals.

Harwood has posted the \$1,000 bail.

Two Mondovians Injured by Train

MONDOVI, Wis.—Two Mondovians were treated for facial injuries at Memorial Hospital, Menomonie, Friday after the pickup truck they were riding had collided with a train engine at the Downsville crossing.

Benjamin Leimo, 39, owner of the truck, and Waldemar Wolf, 25, a passenger, were injured. Lawrence Leimo, 46, Mondovi, brother of Benjamin, was driving. He wasn't injured.

Officers said the truck was heading south on Highway 25 at 6:45 p.m. and struck the slow-moving westbound engine in the crossing. Heavy damage was reported to the front end of the 1960 vehicle. Steps leading to the engine cab also were damaged.

Four juvenile shoplifters were arrested by Winona police Monday afternoon according to George Savard, chief of police.

The four boys—11, 14, 15, and 16 years old—will be turned over to juvenile authorities.

Savard also mentioned that police had received 10 calls on stolen Christmas tree lights during the past 24 hours. He warned that anyone caught stealing lights or participating in any other vandalism would be treated harshly.

Car Hits Tree; Woman Injured

Mrs. Harry Schultz, 62, 233 Jackson St., suffered facial cuts and bruises when her car struck a tree at West Wabasha and South Baker streets at 8:35 p.m. Monday.

She was treated in the emergency room of Community Memorial Hospital following the accident and later released. She was not seriously hurt, but had to have stitches on her nose.

Mrs. Schultz was driving south on South Baker Street and started to make a left turn onto Wabasha Street. She lost control of the car, which then went over the northeast curb and hit the tree.

Damage to the car was more than \$200. She has been charged with careless driving, but has not appeared in court.

A few minutes after the first accident another occurred at Orrin Street and Highway 61.

This one was at 8:39 p.m. and involved Ralph D. Qualls, 23, 1660 Kraemer Dr., and Donald E. Larson, 23, 519 W. Mill St. Larson was charged with following too closely.

Both cars were going north on Orrin Street. Qualls stopped for the stop sign; Larson struck the rear end of Qualls' car. No one was injured.

Damage was more than \$50 to Qualls' car and \$25 to Larson's car. Larson forfeited \$15 bail in municipal court today.

54 Stitches Taken In Face of Girl After Car Rolls

Dianne Luedike, 19, Winona Rts. 3, received serious facial cuts when her car went out of control and overturned five miles south of Winona on County State Aid Highway 17 at 5:40 p.m. Monday.

Miss Luedike was taken to Community Memorial Hospital, where her condition today was satisfactory. However, she had 54 stitches in her face, all of them on her nose or above. She had no other injuries.

Miss Luedike, driving south on the Pleasant Valley road, was going around a slight curve when it skidded sideways across the highway for 102 feet and then along the left or east shoulder for 31 feet.

The car then rolled over and down a 20-foot embankment, overturned 2½ times while going 54 feet and landed on the passengers side with the front of the car facing the highway.

According to sheriff's deputies the road was slippery at that point. They said that it was probably the reason she lost control of the car.

A two-car accident occurred on Highway 61 in Minnesota City at 8:30 a.m. today. The accident occurred near the Clemenski's Garage in Minnesota City.

Involved were Nadene C. Quillen, 353 1/2 E. Howard St., and Patricia M. Kohner, Rollingstone, Minn.

Quillen stopped for the stop sign and proceeded across Highway 61. She was going west. Miss Kohner was driving south on the highway and struck Miss Quillen's car.

Sheriff's deputies said that Miss Quillen's windows were frosted over and that she did not see Miss Kohner's car. Miss Quillen was charged with driving a car with vision obscured. She will appear before Goodway Justice Lewis Albert Wednesday.

Four Shoplifters Arrested by Police; Yule Lights Stolen

Hurried Trip Gets Contract For Shell Oil

In an action that had some of the elements of an old time melodrama, the City Council accepted a bid for city gasoline Monday night after two previously unsuccessful attempts.

Tripped up twice by misunderstandings which voided agreements with prospective suppliers, the Council voted to take the bid of Shell Oil Co. for 13.65 cents per gallon of 99.5-octane gasoline—the lowest offer it has had in three bid openings.

Three other bidders were represented: Mobil Oil Co., 15.25 cents; American Oil Co., 15.35 cents; and Midland Cooperatives, Inc., 15.5 cents. Shell will supply gasoline to city departments for a year.

A motion to accept the bid was passed. Then it was discovered the required certified check for \$375 had not been enclosed with the bid. Aldermen groaned as they saw themselves facing the fate worse than death—in this case, the possibility of advertising for bids for the fourth time.

In the nick of time, like the hero dashing in from the snowstorm to pay the mortgage, R. F. Stover, Shell Oil Co. representative, strode into the Council meeting, cash in hand. The contract was saved. About the only things lacking were a piano player and a whistling, cheering audience.

Stover explained that through a clerical oversight the check had not been included with the bid. Notified by telephone, he hurried downtown, secured \$400 in cash and deposited it with the Council in time to validate the company's bid.

24 Freshmen In St. Mary's Honors Program

Twenty-four freshmen are participating in the new honors program at St. Mary's College, Brother L. Michael, FSC, program director, announced.

The group includes Thomas B. Boland, 463 Harriet St.

The freshmen were chosen on the basis of high school records and college entrance examination scores. During the first semester the freshmen are taking honors sections in logic and 18th century English literature. Future honors sections will include Old Testament studies, speech, economics, philosophy and religion.

Honors students are counseled to broaden and deepen their formal course work and are encouraged to educate themselves through reading, reflection and eventually planned independent study.

A faculty-student committee is working out a formal honors program for the college. Brother Michael said that even before this year's start of the honors program, elements of honors work had been going on at the college many years through independent study, high standards, individual counseling and research.

2 Boys Locked Up in Store

CAMBRIDGE, Mass. (AP)—For "Pee-wee," 7, and "Fatty," 9, it was like Christmas.

They spent 11 hours alone in a closed department store—a store with lots of toys, cameras, shoes, watches—even a soda fountain.

During their escapade—they said they were locked in the store Saturday night—the kids sampled practically everything edible in the store, and each chose an expensive camera and a wrist watch. "Fatty" was clomping around in size 10 shoes and "Pee-wee" had a fountain pen.

Judge M. Edward Viola of Juvenile Court let them off with a reprimand Monday, but frowning police reminded the marauding pair: "Wait until your fathers get hold of you."

"Pee-wee" and "Fatty" began crying.

Tree Trimming Tower Purchased for \$11,390

Purchase of a 50-foot tree-trimming tower with auxiliary equipment was voted by Park-Recreation Board commissioners at their meeting Monday at City Hall.

Acting on advice of City Engineer James Baird, after examining specifications and the respective fees of three prospective pieces of equipment, commissioners agreed to purchase the next-lowest bid of \$11,390.68 by Minnesota Machinery Co., Minneapolis.

Low bidder was the La Hase Corp., St. Paul, which offered a tower priced at \$11,215. Charles Olson Sons Inc., Minneapolis, bid \$12,500.

Deciding factor in the decision to accept the middle bid was the question of power for the equipment. La Hase offered a model which would operate from power furnished by the truck on which

the tower is to be mounted. The Minnesota Machinery model has an independent source of power, making it unnecessary to run the truck engine, and also is outfitted with air-powered tools and a compressor.

Both the independent power source and air-driven trimming tools had been stipulated in bid requests, commissioners noted in deciding on the tower proposal of Minnesota Machinery Co.

Delivery will be made before the end of February, a company representative told commissioners. Bids will be opened at the Jan. 28 meeting for purchase of a two-ton truck chassis to carry the tower and equipment, with the complete unit to be assembled by the truck supplier.

The board also will buy a 1½-ton flatbed truck to haul branches and debris.

NO ASSESSMENT

Council Passes Tree Ordinance

Passage of the city's first comprehensive tree ordinance was accomplished Monday night by the City Council after an hour of debate.

Three aldermen could not agree that the city should not assess a tree maintenance program against abutting property, even though the ordinance deals primarily with city-owned trees.

VOTING FOR passage were Council President Harold Briesath, Ald. Henry Parks, Mrs. Muriel Ollom, Lloyd Deilke, James Stoltman and Daniel Bambenek. Holding out for assessments and opposing the ordinance on that ground were Ald. Howard Baumann, Mrs. Mary Masysga and Clarence Tribell.

In a concurrent action, the Council voted to repeal the city's ordinance prohibiting planting or keeping of cottonwood trees by citizens on city streets. Provisions against such planting and maintenance are written into the new ordinance.

Also included is a section forbidding the owner of a cottonwood tree to allow his tree to shed its seeds on surrounding property to the discomfort and annoyance of his neighbors.

JOINING in the discussion at various times were three members of the Park-Recreation Board and Mike Eischen, 1725 Gilmore Ave.

Eischen said he favored letting private tree trimmers do tree work on contract rather than assigning work to city crews. Private operators, he said, work faster and more efficiently. Aldermen noted that the proposed ordinance, which sets up a maintenance crew under supervision of the park-recreation department, deals with city trees on public property and does not seek to drive private operators out of business. Eischen conceded that these provisions answered his objections.

Three grants totaling \$69,300.00 for summer institutes in radiation biology and ecology for high school biology teachers have been awarded St. Mary's College for the summer of 1963, Brother L. Basil, FSC, president, announced.

The radiation biology course will be a repeat of the institute held at St. Mary's last summer. The 1963 institute is for 20 high school teachers. It is sponsored jointly \$35,500 in grants from the National Science Foundation (\$19,000) and the Atomic Energy Commission (\$16,500). The institute will be directed by Brother L. George, FSC, Ph.D., new chairman of the biology department.

NSF funds defray participants' expenses in travel, living and dependents' care. AEC funds are for operational expenses such as staff stipends, supplies and field trips.

THE ECOLOGY institute is sponsored by a \$34,000 NSF grant to Brother H. Charles, FSC, Ph.D., who will direct a course in ecology for high school biology teachers from July 1 through Aug. 9, 1963. The course is aimed at teachers whose background in ecology is below average in terms of today's forward look in science. Six semester hours of graduate credit may be earned in this course. Ecology concerns mutual relations between organisms and their environment.

Principal objectives of the institute in radiation and modern biology for which eight semester hours in graduate credit may be obtained follow: To give comprehensive coverage of biological principles needed for a proper understanding of the effects of radiation on biological systems, and to give high school biology teachers an understanding of the fundamental objectives of the institute.

The radiation and modern biology staff will include Brother L. George, FSC, Ph.D.; Sister Edward Pottinger, Ph.D.; Brother James Bernard, FSC, M.Ed.; Brother L. Edward, FSC, Ph.D.; Dr. Eugene Ackerman; Albert Linck, Ph.D.; Marvin Williams, Ph.D.; and Alan Orvis, Ph.D.

Faculty in the ecology courses will include Brother L. Charles, FSC, Ph.D.; Eugene McArdle, Ph.D.; Ramon Swisher, M.S., Ph.D. candidate; Brother John Paul, FSC, B.S.; Harold Arneheim, Ph.D.; and David French, Ph.D.

Arcadia District Sells Buildings

ARCADIA, Wis. (Special)—Sale of three school properties was voted Monday night by the board of education of Arcadia Joint School District 1.

The American Valley School east of Arcadia and the John Ressel buildings adjacent to the high school will be sold on bids the early part of February.

The Matt Feltes School in the Town of Glencoe will be sold later. The Feltes and American Valley schools are closed one-room buildings, while the Ressel property was purchased by the school board to provide a site for expansion of the high school plant.

The American Valley school and the land on which it's located will be sold. Buildings will have to be removed by purchasers of the Feltes and Ressel buildings.

Board President John Wellstein presided at Monday's meeting and details of the forthcoming sale were reviewed by Supervising Principal Willard B. Gaultsch.

Charge Reduced In Check Case

Dale P. Johnson, 20, address unknown, waived preliminary hearing in municipal court Monday morning and was bound over to District Court on \$1,000 bail.

Johnson, was arraigned Saturday morning, is charged with larceny by check. He was charged with forgery in court Saturday. That charge was dismissed Monday and the second charge was made.

Johnson had asked for a preliminary hearing Saturday, but waived it Monday. He is charged with cashing a check for \$64 at the First National Bank of Winona April 21.

Some of Highway Work Shut Down

Construction of the \$7,064,192 superhighway project between Dakota and La Crosse, Minn., has been partially suspended for the winter because of cold weather, Henry C. Kraus, resident engineer, Minnesota Department of Highways, announced.

Grading on the 8.6-mile project, involving Trunk Highways 90-61-14, was stopped today until spring. However, bridge construction, concrete work and clearing of terrain will continue through the winter. The general contractor is S. J. Groves & Sons Co., Minneapolis. There has been no delay in through traffic which is following the route of the old highway.

Kraus said large pre-stressed concrete beams were arriving today at Dakota from Elk River, Minn., for bridge construction. The beams are being transported by semi-trailers.

Rare Prescription For Robbing Patients

NEW YORK (AP) — Three thieves figured out this prescription for mass robbery in a doctor's office: They tied up the physician, his nurse and receptionist, then forced the receptionist to call out the names of patients seated in the waiting room. All 11 patients were bound and robbed, one by one, as they entered the inner office.

The Negro robbers, two with guns and one with a knife, got about \$600 in cash and \$300 in jewelry from Dr. Thomas H. Amos, his nurse, the receptionist and the patients in the physician's Harlem office Monday.

Sinatra Gains On Al Jolson

By EARL WILSON

NEW YORK — We've finally been consulting the experts in our effort to pick the Hall of Fame of Show Business — and notice that Frank Sinatra's now getting almost as many votes as Al Jolson.

It's a difficult job. We wanted 10. In approximately this order:

1. Jolson.
2. Bob Hope.
3. Red Skelton.
4. Bing Crosby.
5. Danny Kaye.
6. Frank Sinatra.
7. Sammy Davis.
8. Milton Berle.
9. Jack Benny.
10. Eddie Cantor.

That was the vote turned in by hundreds of readers. But discussing it on a panel with George Jessel, Horace McMahon, Toots Shor and Comedian Joey Forman — all really experts on the matter — I found that they each

felt that Sinatra is "the greatest commercial entertainer today." Jessel mentioned that Sinatra can sing, act, make you cry, and also put the people into the theatre — "and he also knows some girls."

Sinatra surely moves up into the first five.

It was Joey Forman — now at the Latin Quarter — who said, "Hey, all you panelists! You forgot somebody! What about Troy Donahue?"

MY B.W.'S died away so much weight that she went into El Morocco, Proprietor Edwin Perona gasped, "Why Rosemary, you're so thin I didn't even see you!" Montgomery Clift, so they reported at the big "Freud" premiere which he attended, now has an eye problem. Gore Vidal was in the crowd asking friends, "Do you wish to be analyzed now or later?" N.Y. Newspaper Strike Tale: A woman said concerning her husband, "It's the first time in 25 years he's spoken to me across the breakfast table."

Diana Lynn, the TV and movie star, is coming to Broadway as a replacement for Barbara Bel Geddes in "Mary, Mary," about Jan. 20. Diana, mother of three, and lovely wife of Mortimer Hall, reports for rehearsals right after New Year's. They were having a beautiful reception at the French Embassy for Ludmilla Tcherna who's exquisitely shapely, when a woman swung up and said, "My dear, don't ever dress like that! We know what you look like. Be chic! DON'T look like Sophia Loren!" Ludmilla, happy indeed to resemble Sophia, didn't clobber her.

TONY PERKINS, a big movie star in America but perhaps even bigger in Europe, is going back to Paris to look his wound after quite a kicking-around he took on B'way. Tony's show, "Harold," closed after a feeble 24-week run. It was a big blow to Tony, who invested money in the show, and rehearsed so energetically for it in Washington that he passed up an opportunity to have lunch with President Kennedy. Tony's got world premieres of two movies scheduled soon in Europe — "The Trial" which Orson Welles produced, and "Five Miles Till Midnight," with Sophia Loren, which he'll see in Berlin. Considering how rough the Broadway critics were on Tony, when Europeans loves him so much, it's a good guess that Tony won't be doing any stage acting around New York for a long, long time.

Ray Bolger popped into NY to do the Perry Como show — then he hops down to Houston to star for the Ames Brothers who are opening a luxury spot in Houston. The Ames Brothers wanted to open the club New Year's Eve. But Bolger said: "On New Year's Eve! Why, nobody'd remember you had opened!" So they're opening Dec. 28 — but with these 5-day weekends we're going to be having Christmas and New Year's, nobody may remember much, anyway.

Kennedy Plays Cupid for Young Marine

NEW YORK (AP) — President Kennedy has played Cupid for a 19-year-old U.S. Marine and a 17-year-old Bronx girl.

The two are Lance Cpl. Bernard Richardson of Brooklyn, N.Y., who had been stationed at Guantanamo in Cuba, and Gloria Kassof.

Because of the Cuban crisis, Richardson had been unable to get leave to come home and marry Gloria this Saturday.

Miss Kassof said she wrote President Kennedy Dec. 3 asking his help.

She said Monday night she got a reply last week from Under Secretary of the Navy Paul B. Fay Jr., stating that Richardson could be transferred from Guantanamo to Camp Lejeune N.C., and would be allowed to go home to be married.

Richardson telephoned her from Camp Lejeune Sunday night that he would be home Wednesday. The wedding is to be held Saturday.

President of Senegal Wins Power Struggle

DAKAR, Senegal (AP) — The National Assembly was expected to put its formal endorsement today on President Leopold Senghor's victory in a power struggle with left-leaning Premier Mamadou Dia.

Informed sources predicted the assembly would amend the constitution to abolish the office of premier and would then make the Paris-educated Senghor, a philosopher-poet and a Roman Catholic, head of the government as well as chief of state.

Troops loyal to Senghor blocked an attempted coup by Dia Monday.

Dia, a Moslem but with strong support among Christian factions, had been quarreling with Senghor over the premier's leftist orientation in economic matters. Senghor and Dia are members of the same party, the Senegal Progress Union, which holds 79 of the 80 seats in the assembly.

A motion to censure Dia was to come before the Assembly Monday.

Dia sent police to occupy the Assembly building, and they arrested four members. But 48 other deputies met at the home of the assembly president and voted Dia out of office. Seven members of the premier's cabinet joined in the revolt.

Senghor then invoked temporary emergency powers. The President said Dia and his backers were prisoners and would be prosecuted for abuse of authority.

Senegal, on Africa's west coast, became independent from France in 1960.

Family of 8 Franks

ROCHESTER, N.Y. (AP) — It probably was confusing Monday for any guest at the Carnevale birthday party Monday who was not either a member of the family or a close friend.

The special guests were Frank Carnevale, Frank Carnevale, Frank Carnevale and Frank Carnevale. Specifically Frank Carnevale was celebrating his 90th birthday, and his great-grandson, Frank, was celebrating his first. Also attending as special guests were the elder Carnevale's son, Frank and grandson, Frank.

Voice of the Outdoors

Winter fishing fever spread to State College students here Monday after glowing reports of the big catches of the past weekend. The group hit a popular spot along the Prairie Island Dike near the big stump. They don't have any fish on the ice, perhaps indicating that fishing was not so good Monday. From left to right they are Amerett Austin, Mabel, William Rexford, Rushford, and Thomas Stendall, St. Paul.

Hot Ice Fishing
Jumbo panfish, the largest in years, were being caught through uncertain ice over the weekend on Spring Lake below Buffalo City, Wis. Limits were common and fishermen were plenty. In fact, there was so many cars on the ice Sunday afternoon that weight was causing the water to seep to the surface. To our knowledge no one broke through. The ice averages about eight inches thick.

This was the "hot spot" of the weekend, although good fishing for panfish was reported on Onalaska, Stoddard, Pritchards Lake and the Weaver area. Locally crappies made up the bulk of the catch.

Bethany Store Owners Move to St. Charles

BETHANY, Minn. — Mr. and Mrs. Fred Roda, who lost their store, tavern and home by fire here Dec. 8 have moved to St. Charles where they have rented a furnished home. They had been staying with Mrs. Bertha Gensmer.

Two of their grandsons, David and Paul, who have been staying at Mrs. Orville Denzer's, plan to remain this week and the other, Harold, is at a home in Altura. Students at Lewiston High School, they plan to transfer to St. Charles next week.

They were running large along the Prairie Island dike and in parts of Straight Slough on Sunday. Cars were being driven on the ice Sunday and fish houses put in place.

There were scattered groups of fishermen on the lower end of slough and on Sam Cordes. Fishing in most of these nearby spots was spotty. It depended pretty much on the fishermen, the lure and how hard they worked for their fish. The ice was a bit wet in places Monday.

Clean River
The biggest single sewage treatment plant bond issue ever to be approved by a community's voters — a \$95 million issue — was passed by St. Louis, Mo., voters Nov. 6 by a 5-to-1 margin. As a result, St. Louis, which has always dumped its raw sewage into the Mississippi River untreated, will have a model treatment plant in operation possibly by 1964. Not only will the St. Louis treatment plant protect the health of downstream river water users, but it will help restore populations of game fish and waterfowl.

It will be interesting to see what this move to clean up the river will have on boating and fishing on the Upper River. There has been an area of the river below St. Louis that has been none too attractive to boating. This area could in years to come produce quite a tourist movement upriver into this sector.

As to fishing, fish culturists have classed the area pretty much of a biological desert. It will take years to bring back good game fish fishing there with a migration of perhaps some lower river fish northward through the series of dams. We hope not the skipjack.

Clarissa Boy, 7, Shot Accidentally

CLARISSA, Minn. (AP) — Timmy Bland, 7, was accidentally shot and killed Monday as he and a companion played with a loaded rifle they found in the back seat of a car in which they were to have ridden home from school.

Timmy, son of Mrs. Beverly Thompson who operates a steakhouse here, got into the car with Alan Kotval, also 7, as they awaited the latter's older brother, Larry, 17.

While waiting, the boys started playing with the rifle and Timmy was killed when it discharged and he was struck in the chest. The accident happened just outside the Clarissa school.

State School Aid Increases Recommended

ST. PAUL (AP) — "Minimum" increases in state school aids should be adopted by the 1963 legislature, says the Co-ordinating Committee on Public Education.

Meeting Monday, the group called for adoption of an advisory committee proposal which would boost present \$285 per pupil aids to \$321 next year and \$333 in 1964.

In each case, state payments would be adjusted in accordance with what funds were raised through a 1.9-mill levy on equalized property values at local levels.

Formula B, affecting schools in larger cities, including Minneapolis, would rise to \$97 from \$90 the first year, go to \$101 in 1964.

Adoption of the minimum would boost overall cost of aids to \$354 million against the present \$306 million.

The co-ordinating committee also called for more funds and staff for the State Education Department, elimination of ungraded districts by 1965, upgrading of teacher pensions, and spoke again in opposition to transportation aids for non-public school pupils.

At the same time, the Minnesota Federation of Teachers called for adoption of a considerably higher state aid program, one called "desirable" by the advisory group.

The AFL-CIO affiliate sent letters to both Gov. Elmer L. Andersen and Lt. Gov. Karl Rolvaag, who was addressed as "our potential governor," in view of the recount starting Wednesday, calling for support of the higher formulas.

These would boost the \$285 figure, first to \$342 and then \$354, with the larger schools, now at \$90, getting \$104 and \$108 in successive steps.

Implementation of the desirable formula would cost an added \$63 million for the ensuing two years against a \$48 million increase under the minimum plan.

Plant and Office Distinction Blurs, Professor Writes

Appearing in the current issue of Business Topics, a publication of Michigan State University's Graduate School of Business Administration, is an article written by Dr. J. H. Foegen, associate professor of business at Winona State College.

Entitled "Toward Job-Situation Homogeneity," the article shows how similarities are fast replacing the traditional differences between the office and the plant as places to work.

Dr. Foegen writes that because of better working conditions, more concern for the individual, and equalization of non-wage benefits, the plant is becoming more like the office; on the other hand, because workers are becoming proportionately more numerous and increasingly work in large complexes of desks equipped with mechanical and electronic business machines, and because of a possible increase in unionization, the office is becoming more like the plant.

He says some causes of the change are: Union agitation, technological change and higher levels of education. Some possible results: A more flexible labor force, a greater sense of unity among the whole work force, and a disappearance of the physical distinction between plant and office.

Dr. Foegen has been at Winona State since 1958. He is a member of the Industrial Relations Research Association and the Academy of Management.

Thoughts at Random — From Editor's Notebook

IF YOU WOULD like to develop a fine ulcer, or perhaps a few heart problems, the Minnesota State Medical Association suggests that you make the following New Year's Resolutions:

1. Resolve to forget everything but your job. Just ignore your family. Who cares if they don't understand and appreciate what you're doing for them?

2. Work at the office on weekends and holidays. Let the family go to the cabin by themselves.

3. Make it a rule to always have your brief case with you. This way you can review completely the troubles and worries of the day—and also impress people.

4. Learn to never say "no" to any request that might in any way assist your career. Go to every banquet, club and committee meeting you can. Be chairman of every club and committee possible.

5. Remember that all forms of recreation are a waste of time unless done with business associates or customers. Forget about playing cards, going to movies, or fishing—unless it will help you out in business.

6. Carry all the responsibility for everything yourself. Never share any responsibility at the office. Distrust everyone. After all, they might want your job.

7. If you travel in your job, make sure you work all day and drive all night to keep the next appointment. Take a few pep pills so you'll be bright and fresh in the morning. (But if you want to have that ulcer or heart problem, make sure you don't get killed on the highway first!)

8. Remember that two or three quick martinis before supper will help your appetite. There's no reason to sit down, relax and talk to your family for half an hour or so. If you've been following the other rules, you have nothing in common with them anyway.

9. Ignore your doctor's advice. Don't slow down. And remember that plenty of potatoes and gravy are what you need—those height-weight charts don't apply to you, and your doctor is probably just an alarmist.

If you follow these suggestions the association says that you'll probably have your ulcer by the end of 1963, and a little high blood pressure and other complications to go with it. However, the association warns that when you get that first stab of pain you may wonder if it was all really worth it.

LAST SPRING the Tokyo Medical University undertook a survey embracing 2,340 young Japanese women and inquiring into their attitude toward marriage. The results have recently been released showing only 3 percent willing to marry for love alone. Ninety percent said that money is what makes a marriage go. To them, financial stability is the most desirable quality in a future husband.

Eighty percent said they would prefer to marry graduates of first class universities working for first class companies. Diplomats, junior executives, bankers, engineers and doctors were among the most popular types of husbands sought. Least desirable were salesmen, shop owners, employees of small companies and newspaper reporters. Hm-m-m; about that last one, maybe they are right.

WE USED THE wrong word the other day in discussing those five-minute parking meters in front of the Merchants National Bank on East 3rd St. We described them as "hideous." "Atrocious" probably would have been better.

ALL THE cold weather they've been having in Florida has caused a lot of residents of that state to catch colds, says the Miami Herald. So, as a public service, that newspaper tells how to treat a cold:

—**BATHE** in hot water, drink a glass of hot lemonade or warm milk and go to bed.

—**WATCH** your diet. . . you should not overeat or starve yourself.

—**DRINKING** lots of liquids won't help or hurt you.

—**LAXATIVES** should be avoided unless prescribed by a doctor.

—**BLOW** your nose gently.

—**COVER** your coughs or sneezes with a handkerchief, don't share glasses, towels, dishes and utensils and stay out of crowds.

ROBERT C. RUARK

Formal Goodbye To Bobo Newsom

NEW YORK—It is necessary for me to bid a formal goodbye to old Bobo Newsom, who died the other day in Orlando, Fla., at the age of 55. Buck Newsom and I had at least one thing in common—a punch in the jaw. It was the first time, in my tender youth, that I was ever subject of a news story.

The facts of this epic battle have been written and rewritten, and generally distorted, as any account of fisticuffs is apt to ripen with time. The true story is that old Bobo called me a flock of fighting names over a piece I'd written when he was pitching (and very well) for the Tigers in 1940, and I took a swing at the blue-jowly Newsom jaw.

That swing forever convinced me that, although I was big and I was young, I was a real powder-puff puncher. Bobo was drinking a Coke when I tagged him, and he never even dropped the bottle! To say my heart sank was an understatement. It stopped.

I was clearly in the wrong, because I had gone looking for Bobo in the visitors' dressing room, after the word had spread that Buck was going to dismember me for a column of the day before. Newsom was in great shape, winning something like 13 straight and pitching the Tigers to a pennant. My dairy fist didn't damage him; he won 21 and lost only five that year, and won two of his three starts in the World Series.

BUT AT THE time of my indignant swing, he was a pearl of great price to the Tigers, and the boys did not wish to see old Bobo damaged, even by a sports writer. I was set upon by the staff, and was saved from evisceration by the formidable team of Hank Greenberg and Birdie Tebbets.

The most serious damage inflicted that day was to a Mr. Shirley Povich, the physically rather slight columnist of the Washington Post. What Povich lacked in size he made up in ferocity, and dove into the battle. A Mr. Dizzy Trout, I think it was, picked up Shirley and pitched him into a locker, where he stuck, with both arms and both legs sizzling straight out in front of him. Shirley's back devils him slightly to this day, nearly 23 years later.

IT WAS A funny day, come to think of it. Newsom pitched that afternoon, beating the Senators, 1-0, as I recall, and struck a triple that drove in the winning run. At the end of the game, a disenchanted Washington fan stopped by the press box, and belted me over the head with my own portable typewriter. "Next time, Ruark," the fan snarled, "why don't you try taking a punch at one of our bums?"

The Tigers need not have been upset by any roundhouse swing of mine. Newsom was nearly indestructible. He once pitched a whole game with a broken jaw, and several innings of another with a smashed knee. He survived an accident when his auto hurtled over a mountain, and they stuck him together with spit and string. He actually did pitch a no-hit game once for nine full innings, and then lost the game 1-0, in the 10th.

BEFORE AND after that dim day of our short combat, I was very fond of old Buck, and I think he was pretty fond of me, because I was a Carolina boy, too, and Bobo had a distrust for damn Yankees. Much later he told me, over a beer: "Why, hell, Bobo, old Bobo never would of called you all them names if he had of knowed you was a Carolina boy. Old Bobo was just kind of funnin', anyhow."

AND WHEN YOU FIND HIM —

THE WASHINGTON MERRY-GO-ROUND

Newsman Investigated Under Kennedy Regime

By DREW PEARSON

WASHINGTON — The press corps of Washington, many of whom have been more investigated in the nation's capital than if they worked in Moscow, have been waiting expectantly to see whether President Kennedy's two press cronies will also be investigated for leaking news from the National Security Council.

The inside story of the newspaper probes under the Kennedy administration, plus other administrations, has never been written. But there have been many. And this writer, having been under investigation himself for certain news leaks, can report part of the story.

Perhaps the grimmest news probe under Kennedy was that of Hanson Baldwin, military expert of the New York Times, for reporting that the Russians were beginning to harden their missile sites. What disturbed the security officers was the hint in Baldwin's column that the United States had secured this information from its reconnaissance satellites.

The most investigated reporters, barring possibly this writer, have been Dick Friklund and Earl Voss of the Washington Star.

They were first investigated for revealing that Secretary of State Rusk had written a memo to Secretary of Defense McNamara discussing the shift of emphasis from nuclear to non-nuclear defense. The investigators even stole Earl Voss's notes from his desk and used them to question his news sources.

Secretary McNamara was so pleased with this gumshoe work that he transferred two generals and promoted the Air Force lieutenant general in charge of the probe to conduct a Pentagon-wide investigation.

During the Eisenhower administration, the Justice Department let it be known that

to plug up all military leaks.

FRYKLUUD and Voss were investigated again for publishing the gist of the Atomic Energy Commission's report on Russian nuclear tests, even though they were careful to leave out details that might violate security. Their story was investigated not only by the FBI but by the joint Congressional Atomic Energy Committee.

On another occasion, Friklund was investigated for writing an article, which he never published but did show around the Pentagon, that the military planners had set up an optional target system. Secretary McNamara immediately ordered a tail on Friklund's movements, and at a meeting of the Joint Chiefs of Staff, reported the gumshoe had discovered that the reporter, in distributing copies of his new book, had called chiefly on Air Force officers.

This got Gen. Curtis Le May, chief of the Air Force, sore. He accused McNamara's office of being responsible for the news leak.

"All right," offered McNamara, "You investigate my office."

ANOTHER Pentagon newsman called in by the FBI was Newsweek's Lloyd Norman, who wrote about the Joint Chiefs of Staff alternate plans for dealing with the Berlin crisis last year.

News investigations have not been confined to the Kennedy administration. Joe Alsop, brother of Stewart Alsop, one of the authors of the headline-making Saturday Evening Post article, was investigated during the Eisenhower administration; and a grand jury was called under Roosevelt to consider the indictment of the Chicago Tribune for publishing the names of the Japanese ships in the Battle of Midway, which, it was believed, would let the Japanese know we had broken their secret code.

During the Eisenhower administration, the Justice Department let it be known that

"That's the trouble with real-life problems—you never get Cary Grant at the end."

Today In National Affairs

Whole Story Not Yet Told

By DAVID LAWRENCE

WASHINGTON — President Kennedy didn't tell all of the story to the American people Friday night when he claimed in his speech before the Economic Club in New York City that "the economic health of this nation has been and is now fundamentally sound."

Even in the same speech later on Mr. Kennedy said exactly the opposite as follows:

"Surely the lesson of the last decade is that budget deficits are not caused by wild-eyed spenders but by slow economic growth and periodic recessions — and any new recession would break all deficit records."

The President endeavored, moreover, to give the impression that the rises in government expenditures which have unbalanced his budget have been due entirely to national defense and space projects or "to fight the recession we found in industry and agriculture."

Rep. Clarence Cannon of Missouri, Democrat, chairman of the House Appropriations Committee, however, in a courageous speech on the day Congress adjourned in October, gave a different version. Unfortunately it didn't get the publicity a presidential address does. Mr. Cannon said:

"This year we added another year to the long string of

years of living beyond national revenues—in 26 of the last 32 years we haven't balanced the budget. Not even in times of unprecedented national prosperity have we been willing to pay as we go along. We have yet to demonstrate any determination to do so."

Mr. Cannon emphasized that "It is rising non-defense expenditures that have unbalanced the budgets and expanded the national debt." He proved his point as follows:

"IN THE eight years, fiscal 1954 through 1961, the federal national defense expenditures remained virtually unchanged but the non-defense budget in that time increased \$13,470,000,000—and that does not include the highway program, erroneously labeled as a 'trust' fund and therefore no longer counted in general 'budget' totals. "Again when fiscal year 1962 closed on June 30 last, budget expenditures had risen \$6,153,000,000 above 1961 — \$3,575,000,000 for national defense and \$2,578,000,000 for non-defense."

And who has been in power in Congress for practically all of the last 32 years? Who has been in the majority in Congress in the last eight years? In both cases it is the Democratic party. And who holds the purse strings? Not the President, but the Congress.

THE President tried to shift the blame for the big deficits to the preceding administration, but Mr. Cannon's speech tells why this can't be so. Mr. Kennedy now promises—as he has done in many speeches before—to hold down the expenses of government. He said last Friday night:

"I can tell you now that the total of all other expenditures combined (besides defense) will be held at approximately its current level."

But the trouble with that promise is that current expenses are not to be reduced and the tax revenues, of course, will not overcome the deficits. The promise of a "top to bottom" tax reduction makes the headlines, but business cannot expand and the tax receipts will not grow if there is a lack of confidence on the part of business in the economic outlook. For labor is getting ready to demand that business pay higher and higher wages, which, of course, would absorb most of the benefits of tax reduction.

THE newspaper strikes in New York and Cleveland are significant examples of the system of extortion practiced by the labor-union monopoly in industries generally. The administration refuses to curb these excesses, though it does interfere with the making of proper prices and profits, as happened in the steel industry earlier this year.

The President expects the tax reduction to produce a boom in consumer spending. In his speech he revealed that "consumers are still spending between 92 and 94 percent of their after-tax income, as they have every year since 1950." But he declares that the "after-tax income could and should be greater." This is the erroneous philosophy of New Deal days, and it never solved the problem of big unemployment.

To Your Good Health

Certain Drug Allergies

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: A lot has been written about drugs that are harmful to many people, but I have never read anything about a drug dentists use in extractions. Here's what happened to me. The dentist shot some into my gums and my head started spinning. My heart was pounding so loud I just knew anyone could hear it in the next room, and I blacked out. Why do dentists use that kind of drug?—A. P. I.

I left out the name of the drug you mentioned. Using its name would worry millions of people for whom it would be completely harmless.

Let's get this on the record: I'm totally dedicated to the principle that any new drug should be adequately studied before it is put on the market. There's no argument about that.

(As a matter of fact, the drug (thalidomide) which recently stirred up such a roaring controversy, is one of the few that has slipped by without its dangers being found. It slipped by in Europe. It didn't slip by in the United States. It never was approved for sale here. The Food and Drug Administration (specifically one courageous woman scientist) didn't feel that sufficient testing had been done. So the U.S. didn't see much of the drug except what was permitted for experimental use, or was "bootlegged" from abroad.)

However, remember that any drug that is powerful is potentially dangerous. I don't know a single one which can't be harmful to someone who happens to be sensitive to it.

SUCH ordinarily predictable things such as Vitamin B, sulphur, penicillin, aspirin, codeine and a host of others can't be given to some people without making them ill. There are cases of such useful drugs such as penicillin causing death, and every year we lose quite a number of babies because they eat a handful of aspirin tablets which parents "didn't know were dangerous." Babies die from gnawing lead-laden paint from a window sill. Some adults die from a single bee sting. A field of ragweed can be fatal to a hay fever sufferer. Not often—but it can happen. Let's face it. The world we live in isn't a fictional place where right always triumphs.

NEW YORK (AP) — The cold figures stay all but frozen but business confidence is warming up notably.

Little Hope for Compromise in Rules Dispute

By WILLIAM F. ARBOGAST
WASHINGTON (AP) — Talk of a compromise in the threatened liberal-conservative fight over the House Rules Committee apparently has fallen on deaf ears.

Rep. Howard W. Smith, D-Va., chairman of the committee and leaders of conservative Democrats, said he was not "bargaining" in his position that the committee membership return to 12 a scheduled next month.

And President Kennedy said Monday night that if the committee does revert to 12 members the administration's program "would be emasculated."

Smith led the fight against enlargement of the committee to 15 members in January 1961. He lost by a 217-212 vote to a liberal group led by the late Sam Rayburn of Texas.

Kennedy gave the House leaders strong backing Monday night in his nationally televised review of his first two years in the White House.

"I hope that the Rules Committee is kept at its present number, because we can't function if it isn't. We are through if we lose — if they try to change the rules. Nothing controversial in that case would come to the floor of the Congress. Our whole program in my opinion would be emasculated."

The committee controls the flow of legislation to the House floor and often has bottled up legislation its members have felt was too liberal. Much of the legislation expected to be proposed by Kennedy to the new Congress is in the liberal category and may face tough sledding in the Rules Committee.

all but unchanged. The more personal figures—employment, individual incomes and consumption, saving and spending—hold at their high level. But they don't rise as many would like to see.

Still business sentiment has improved in recent weeks. And so have the forecasts for the coming year.

Belief that the economy would turn up rather than down showed up first in the stock market. Rising prices represented many things—belief that the Cuban crisis held promise of better days on the international political scene; prospect of more spending for defense, nonetheless; interpretation of administration tax cutting and spending plans as meaning a larger federal deficit and perhaps another round of inflation; and the expectation that both the consumer and the businessman would loosen their purse strings, with the Cuban war scare out of the way.

Rising stock prices bolstered confidence generally. But the same factors back of the market boom made many businessmen decide that 1963 was less likely to see a downturn in the economy than they had thought a few weeks back.

Those who still look for an easing in the business pace in the early weeks of the new year now expect it to be along normal seasonal lines, with an upswing to follow. Only a few nay-sayers still expect a recession by midyear.

Much of the new confidence is based on the belief that the administration and the Congress will work out some form of tax relief—and reasonably early in the upcoming session.

A cut in the corporate income tax rate would give companies more net income to spend for new equipment or for bigger dividends. New rules for depreciation write-offs for tax purposes work toward the same end.

Lower rates on personal incomes would give individuals more money to spend—to the benefit of business—or more money to save, thus building up institutional funds that business can tap when it wants to borrow.

So, at the end of this year, business is looking ahead to another year of at least modest growth—far better than the recession many feared after the stock market break at the end of May.

Kaiser, USW Unveil New Labor Pact

FONTANA, Calif. (AP) — Kaiser Steel Corp. and the United Steelworkers have unveiled a unique new labor agreement designed to ease the pinch of automation.

The plan, announced Monday, was developed in three years of meetings by a special, nine-man committee.

The agreement provides for re-training employees who lose their jobs because of automation. And, as production costs per item decrease, worker pay checks will get larger. So also will tax payments to the government and, of course, company profits. This portion of the pact is called a "cost savings" plan.

The agreement is subject to worker approval, but David J. McDonald, president of the AFL-CIO United Steelworkers of America, predicted at the joint news conference here Monday that it will pass handily.

The election probably will be held in January, he added. Affected will be all the 7,000 Kaiser workers here.

The pact includes a pledge that employees will receive at least the wage level of the steel industry. "There has to be a floor," said a company spokesman, "and it will be the Big Steel floor. But we never expect it to be considered because this plan will provide a higher income than the minimum."

McDonald called the agreement "a great step forward toward industry peace." He declined to say whether the plan will be pushed for adoption elsewhere.

The contract is to be four years in effect and subject to annual revision and review.

The cost savings plan works like this:

The year 1961 was selected as a base to determine the costs of labor and material for each ton of finished steel.

As technology increases output, unit costs are expected to decrease. It is this savings which will go into the special fund for monthly distribution. The employees will get 32.5 per cent of the total.

Officials pointed out that the plan is different from most incentive and profit-sharing plans because it is based on production costs instead of on an individual employee's output.

The spokesman would make no estimate of the actual worker benefits possible through the agreement.

Long Yule Holiday Begins at Schools

Students in Winona's public and Catholic and Lutheran parochial schools this year have a Christmas vacation that begins at the end of the class day Friday and, with one exception, continues until Jan. 7.

St. Mary's College, meanwhile, dismissed for the holidays last Friday with students required to be back on campus Jan. 2 for a resumption of classes the morning of Jan. 3.

Classes at the College of Saint Teresa will be dismissed at noon Wednesday and students will return to school the morning of Jan. 7.

With the staggered dismissal times, college officials anticipated no transportation difficulties except for the usual heavy traffic on carriers during the holiday season.

Winona State College has classes through Friday afternoon. School will be resumed Jan. 7. Phelps Laboratory School on the Winona State campus observes the same vacation schedule. Students will present their annual Christmas program for parents Wednesday evening and a program for junior high school students has been arranged for Friday evening.

St. Matthew's Lutheran School, which also dismisses Friday afternoon, will be back in session Jan. 3. The shorter vacation period was scheduled to compensate for three days of teachers' convention time during the coming term.

St. Martin's Lutheran School will follow the Friday to Jan. 7 holiday schedule. Students, however, will return to school for a time Monday to rehearse for the traditional Christmas Eve service in which they will participate Monday.

Police Fine Box Hits Jackpot in Joliet

JOLIET, Ill. (AP)—The police station fine box provided a bumper yield.

Collector Walter Osman made the weekly withdrawal Monday from the box into which motorists drop their 50-cent fines for over-time parking.

Checking tickets and receipts, Osman opened a package which contained \$4,400 in old \$100, \$20 and \$10 bills. There was no explanation enclosed with the money—not even a parking ticket.

Peerless Chain To Operate in Freight House

City Engineer James Baird was authorized Monday night by the City Council to actively assist the Peerless Chain Co. in planning a hookup with the storm sewer system at Center Street.

Baird told aldermen the firm expects to install acid vats to clean steel wire in the former Chicago & North Western Railway freight house now used by the Peerless firm. The solutions would later be neutralized and discharged into the storm sewer.

Possible complications and inspection difficulties can be avoided, Baird said, if he acts as a consultant during construction of the facility. State Board of Health authorities also will assist in the planning and installation as a water pollution control measure, he said.

Baird will advise construction engineers relative to location, depth, grade, size and outlet of the sewer and location of a tank and sump which will be part of the installation.

Officials at Peerless Chain said the work is planned for completion in 1963.

Fate of Sales Tax Resting on Governor Race

MINNEAPOLIS (AP) — State Sen. Donald O. Wright says the fate of a sales tax bill in Minnesota, as part of a general tax reform, will depend on the outcome of the governor's race.

The Minneapolis Conservative said that if Lt. Gov. Karl F. Rolvaag, Democratic - Farmer - Labor candidate, is declared victor in the recount, "we might as well fold up the program." Wright said he thinks the Conservative dominated legislature would not have enough votes in the next session to override a governor's veto.

Incumbent Republican Gov. Elmer L. Andersen was declared winner by a 142-vote margin over Rolvaag in the Nov. 6 election, but Rolvaag has asked for the recount which gets underway Wednesday.

Rolvaag, in line with DFL thinking on the matter, would be expected to veto a sales tax. Wright, who was chairman of the Senate Tax Committee in the last session, said in an interview Monday that the personal property tax ought to be eliminated so business and industry would be encouraged to expand and create more jobs. He added that a sales tax would be needed as a replacement.

The veteran of 28 years legislative service said he favors a tax on virtually all goods including groceries. He explained it would be difficult to exempt groceries because so many supermarkets sell other merchandise, and many department stores sell groceries.

How Recount Will Be Done

ST. PAUL (AP) — Here are the steps prescribed by the three-judge recount panel for the conduct of the recount of votes in the Minnesota governorship race:

1. The county auditor is directed to produce the ballot containers, one precinct at a time, in the order designated in the official county tally sheets.
2. The county auditor shall remove any election register from the container and inspectors shall count the names on the register to determine how many persons apparently voted. If there is permanent registration, voters' certificates shall be counted.
3. The auditor shall give the apparently voted white (party) ballots to the neutral inspector, who will place them face down in front of him and turn them one at a time.
4. At this time the partisan counters will be given an opportunity to challenge ballots. This done, the neutral inspector will make separate piles of disputed ballots for Andersen and disputed ballots for Rolvaag. No challenges may be made thereafter.
5. All unchallenged ballots shall be placed in appropriate piles, and undisputed Rolvaag ballots in front of the Andersen inspector and the undisputed Andersen ballots in front of the Rolvaag inspector.
6. Each pile then will be counted separately by each of the three inspectors and the results reconciled and recorded. The inspectors will note any discrepancies between their ballot totals and the totals shown in the election registers or voters' certificates or duplicate registration files. Disputed ballots will be marked with a special stamp.
7. Inspectors will handle absentee ballots in the same way. And then examine spoiled, rejected and blank ballots.
8. When all the precincts in a county have been completed, the county auditor will send a precinct-by-precinct report to the clerk of court in Ramsey County, together with all disputed ballots and disputed materials.

The same procedure will be used with regard to such paper ballots as absentee ballots cast in communities where voting is by machine, but recounters are directed to accept the machine totals as official.

Under the prescribed procedures auditors will not be required to total the recounted votes from their county.

Both Republican and Democrat

ic-Farmer-Labor parties have set up machinery to receive day-by-day reports from their recount team members, to compile cumulative totals as long as the recount goes on and to make them available to press, television and radio.

Driving south on Highway 53 into Galesville was Gary Lee Poulin who lost control of the vehicle at the corner turn to the fairgrounds. William Weverstad, arrested officer, said the car turned broadside and slid 175 feet down the middle of the highway before jumping the curb, crossing the sidewalk and plunging down the embankment to the bottom of the gully, across the street from the Robert Longwell residence.

Riding with Poulin was Robert Vatter. Weverstad estimated about \$200 damage to the car. The driver was charged with careless driving and was fined \$15.

2 Hunters Injured In Kenora Crash

KENORA, Ont. (AP) — Two hunters from the United States were injured in the crash Monday of their single-engine plane in scrub spruce 40 miles southeast of Kenora.

The pilot, Ed Callen of Park Rapids, Minn., was in a Winnipeg hospital in serious condition. His companion, Merle Paul Fay, Superior, Wis., was hospitalized in Kenora with lesser hurts.

Fay said Callen had flown Dr. and Mrs. Ben Bennett of Superior in from Sioux Narrows, Ont., to hunt and landed them in the bush. Fay and Callen took off to look for moose and had just spotted one for the Bennetts when the accident happened.

A helicopter flew the injured men to Sioux Narrows and an ambulance brought them to Kenora. Callen was taken immediately by ambulance to Winnipeg.

1st GOP Mayor In 67 Years

BIDDEFORD, Maine (AP) — This staunchly Democratic textile city Monday night elected its first Republican mayor in 67 years.

William W. Pomeroy received 4,535 votes against 2,040 for Mayor Clement H. Deschambault in a surprise upset.

The Democrats retained control of the City Council. Deschambault was seeking his sixth one-year term.

Art Fraternity Prints Original Christmas Cards

Winona State College Alpha Upsilon Chapter of Kappa Pi, national honorary art fraternity, held a potluck supper and Christmas party Monday evening at the home of Miss Joan Modjeski.

Members presented fraternity adviser, Miss Floretta Murray, with a gift of appreciation. Entertainers were John Saecker and the Blue Water Trio, Jerry Johnson, Paul Blumentritt and Wayne Larson.

The fraternity has painted mosaic Christmas scenes on windows of Somsen Hall facing Sanborn Street. Members have made hand printed Christmas cards and proceeds from sale of these cards will be used to finance a trip to Chicago art centers. Persons interested in the cards may contact fraternity officers.

Officers are Miss Joan Modjeski, president; Louis J. Czarnowski, vice president; Miss Jean L. Cogdall, treasurer; Miss Maureen Manion, secretary; Joseph Tydlie, historian-recorder.

The fraternity, which acts as an advisory group for other campus organizations, is planning a clothes line sale of paintings in spring.

Geraldine Kiehne Becomes Bride

HARMONY, Minn. (Special)—Miss Geraldine Kiehne, daughter of Mr. and Mrs. Alvin Kiehne of Harmony, became the bride of Bruce Williams of Mabel, Dec. 3 at Greenfield Lutheran Church.

The Rev. Martin Ford performed the double-ring ceremony before an altar banked with candelabra and baskets of bronze chrysanthemums. Miss Marjorie Werts was soloist and Mrs. Carl Peterson was organist.

THE BRIDE, given in marriage by her father, wore a floor-length gown of white velvet made with scoop neckline, long sleeves and soft unpressed pleats that gave fullness to the chapel length train. Her silk illusion veil was attached to a pearl crown. The bride carried an arm bouquet of yellow roses.

Brown velvet street length dresses with bell skirts were worn by the maid of honor, Miss Nancy McKay, Rochester, Minn., and Miss Ilse Kaufman, Hutchinson, Minn., the bridesmaids. They wore matching brown velvet crowns with blusher veils and pearl earrings, gifts from the bride. They carried bouquets of bronze chrysanthemums. Ellen Jane Kiehne and Denise Kiehne, sisters of the bride, as junior bridesmaids wore tangerine dresses and carried nosegays of bronze pompons.

The bridegroom was attended by his brother, Fred Williams, as best man and Wayne Marzoff as groomsmen. Gerald Kiehne, brother of the bride, and Wayne Marzoff, were ushers.

A reception was held in the church parlors following the ceremony with Mr. and Mrs. Reuben Kiehne as host and hostess. Assisting at the reception were Miss Judith Kiehne, Miss Clarine Salo, Mrs. Percy Steffens and Miss Nelda Kiehne, Miss Sharon Ralbor, Mrs. Charles Carrier, Mrs. Walter Ward, Jr., the Misses Anna Marie Kiehne, Janeen Klomp, Renee Williams, and Lois Moore. Mrs. Norman Milne, Mrs. Donald Willford, Mrs. Laverne Smedsrud, Mrs. Gerald Hill, Mrs. Haskil Kvan and Mrs. Clarence Sauer.

The bride was graduated from Harmony High School and the bridegroom is a graduate of Mabel High School.

The couple will make their home in Preston, Minn.

Live, 30-Inch Horses For Bob Kennedy Family

NEW YORK (AP)—Live, 30-inch-high horses for Christmas are in store for the children of Atty. Gen. and Mrs. Robert F. Kennedy and of Mrs. Kennedy's brother, George Skakel of Greenwich, Conn.

Some City Employees To Get Monday Off For Working Saturday

City employees whose work permits will be able to work Saturday and take Monday off, the City Council decided at its meeting Monday night.

Acting upon a request by Mayor R. K. Ellings, aldermen moved to grant the exchange privilege for Christmas street department workers and sewer crews. City Hall employees who work Saturday until noon will work Monday but will get most of the afternoon off, closing up at 1:30 p.m.

An exception will be the recorder's office which will be open until 5 p.m. Monday. Under ordinance amendment passed Dec. 3, opening day for filing for city offices will fall on Dec. 24 this year and the office will keep regular business hours to accommodate prospective candidates, said Roy Wildgrube, city recorder. Filings close Jan. 7 at 5 p.m., he added.

Mercury will be tempered with justice the day before Christmas, since municipal courts will be operating during their customary hours, Wildgrube said.

Paper Strike In Italy

ROME (AP)—Italian journalists' unions Monday night postponed until Thursday a second nationwide newspaper blackout.
Newspapermen, who returned to work Sunday after a three-day walkout that closed almost all newspapers in Italy, had been scheduled to begin a new, five-day strike Tuesday.
But union leaders for 11,000 newsmen said that as a sign of responsibility the walkout would be postponed until the next bargaining session begins Thursday. The unions demand a 25 percent boost in wage scales that have a basic minimum of \$160 a month.

It will be warmer from the Mississippi valley to the Atlantic coast. (AP Photofax Map)

Colder Weather Returns Tonight

An end to the pleasant fall weather which has prevailed in Winona since last week is predicted for Wednesday.

Increasing cloudiness with little temperature change is the forecast for tonight but on Wednesday, the weatherman says, it will be mostly cloudy with a chance of scattered snow flurries and turning colder. A low of 22-32 is slated for tonight and a high of 35-40 for Wednesday.

COLDER WITH scattered snow flurries is the outlook for Thursday.

The temperature rose to a mild 48 Monday afternoon, dropped to 28 during the night and was 33 at noon today. Monday's high of 49 came within six degrees of the all-time high for the day, 54 in 1923. A year ago today Winona was locked in a wintry scene with a high of 30 and a low of 18 and 12 inches of snow on the ground. All-time low for Dec. 18 was -20, in 1884. Mean temperature for the past 24 hours was 38. Normal for this day is 20.

Monday's mild temperatures and the pre-Christmas season brought what merchants called a record number of shoppers to the downtown district. Highways were slippery this morning due to melting and thawing Monday afternoon and evening. Early today a heavy fog made driving difficult.

Mild temperatures prevailed over the state with the lowest reading 28 at Alexandria. It was raining at International Falls and cloudy at Duluth. Rochester had a morning figure of 30 after a Monday high of 49. The La Crosse figures for the same time were 28 and 43.

The Minnesota and Wisconsin highway departments reported many of the roads in the two states foggy and wet with some scattered slippery spots at 6 a.m. A dense fog shrouded most areas of WISCONSIN Monday night after the state enjoyed a day of unseasonably warm weather with temperatures averaging 15 degrees above normal.

Temperatures climbed into the 50s in two cities with Lone Rock reporting the state high of 51 and Madison recording a 50-degree reading. Other highs around Wisconsin were Beloit 49; Racine 47; Milwaukee 44; Eau Claire 43; Green Bay 37 and Wausau and Park Falls 35.

Hales Corners reported 22 for the lowest temperature in the state. Madison and Eau Claire had 25 while in the Superior-Duluth area the low hit 32.

No precipitation was reported in the state Monday or Monday night. Laredo, Tex., hit the national high of 81, compared with a low below reading at Lebanon, N.H.

Council Approves Parallel Parking At Courthouse

Diagonal parking on Washington Street between 3rd and 4th streets will be eliminated within the next few weeks, according to action by the City Council Monday night.

A resolution moved by Ald. James Stoltman, and passed unanimously, directed the city attorney to prepare an amendment to the parking ordinance calling for parallel parking west of the courthouse. The diagonal plan has been attacked as a traffic hazard. The parking spaces will not be metered but will be posted for a one-hour limit.

OTHER ITEMS of Council business:

● Claims totaling \$12,000 were filed by Mr. and Mrs. Alex Hoeler, 1052 E. Wabasha St., were read and referred to the city attorney.
Mrs. Hoeler's claim alleged she fell on a defective sidewalk on East Wabasha Street Nov. 16 at 9:40 p.m. and sustained sprains, bruises and a concussion. Her glasses were broken, the claim contends, and an allegedly permanent injury to her right eye will prevent her from being gainfully employed. She asks \$10,000 damages.
Her husband's claim is for \$2,000 as compensation for loss of his wife's services following the alleged accident.

● The second and final estimate of charges for water main installations to the Warner & Swasey factory and Max Conrad Field, amounting to \$11,787.50, was voted paid by the Council to the Board of Municipal Works.

● Council ratification was voted for the reappointment of John C. Bamberck, 578 E. 5th St., as representative of the Diocese of Winona on the Winona Athletic Board. Bamberck has served on the board 14 years.

● APPROVAL was voted for the purchase by the Veterans Service Board of an electric typewriter to replace an obsolete model. Total cost was \$414, less \$12.50 trade-in allowance, or a net of \$401.50.

● City building, electrical and plumbing and heating inspectors will attend an inspection school at the University of Minnesota Jan. 1-4 and 15. Expenses were authorized by vote of the Council.

● Landfill information and proposed sites will be brought to Council attention soon, City Engineer James Baird said in response to a question by Mrs. Mary M. Syla. Baird was to make an inspection tour of facilities at Rochester and Austin today.

Russ Build Science Center in Siberia

NEW YORK (AP)—Former Sen. William Benton of Connecticut back from a trip to the Soviet union, reports the Soviets are building a vast new "science city" deep in Siberia. He calls it "one of the most extraordinary scientific centers in the world."

Writing in the current issue of the Saturday Evening Post, Benton said the center, with 16 separate scientific institutes and designed to house 50,000 research workers, "is a striking symbol of the Soviet intellectual challenge to the West."

He said the center is the first of several which the Soviet Union plans to build across Siberia. He said it could be matched in this country only if the theoretical research departments of several universities were combined with research divisions of several industrial giants.
Benton, publisher of Encyclopedia Britannica, said he was the first American to see the new center in operation.

HORSES DON'T LIKE IT

Man Found Dead in Home At Goodview

William R. Page, 49, 835 40th Ave., Goodview, early this afternoon was found dead in his home.

Sheriff George Fort said that neighbors called the sheriff's office after they failed to see Page since Sunday.

A deputy was sent to the house at about noon and found Page dead inside.

Dr. R. B. Tweedy, county coroner, was notified.

The sheriff said that Page was a native of Stevens Point, Wis.

Two Youths in Court at Alma

ALMA, Wis. (Special)—Two youths appeared on five charges in police court before Judge Gary B. Schlossstein Monday.

Gary Flury, 20, Waumandee area youth attending Buffalo County Normal, pleaded not guilty to furnishing beer to a minor. The charge was dismissed. He pleaded guilty to receiving stolen property. On this count he was fined \$25 and costs, ordered to make restitution and placed on probation one year.

Francis Weaver, 21, employee of an Alma construction company, pleaded guilty to three counts. On a charge of furnishing beer to a minor he paid \$50 and costs; accepting stolen property, \$25 and costs, and destruction of property, \$15 and costs.

Weaver was ordered to make restitution and placed on probation for a year. During that time he is ordered to be at home by 8 p.m. every day and refrain from intoxicating liquor six months. Flury and Weaver were charged with receiving shotgun shells and cigarettes from minors.

Vandals Cut Tree In Half in East

FOLCROFT, Pa. (AP)—Last Friday officials of this Philadelphia suburb put up an 18-foot Christmas tree.
The next morning the top half of the tree was missing.
Sunday morning the bottom half disappeared.
Today the borough optimistically put up a new tree.

All Night Dancing Set for New York

NEW YORK (AP)—They're going to dance all night again New Year's Eve in New York City. License Commissioner Bernard J. O'Connell said any ballroom, dance hall, cabaret or catering establishment wishing to remain open past the 4 a.m. normal deadline may do so by obtaining a special permit.

Goodview Installs; Clerk Post Open

Two new trustees were installed for three-year terms on the Goodview Village Council Monday night, effective Jan. 1.

They are Mrs. Ray T. Wendland and Norman Nelson. Mrs. Wendland was elected to the post at the recent village election. Nelson was elected clerk. However, since the villagers adopted Optional Plan A at the election—a plan providing for changes in village government—Nelson was appointed trustee Monday. Under the plan, the clerk's post becomes appointive and a newly elected clerk may be appointed a trustee by the council.

Thus, effective Jan. 1, there will be four trustees and the mayor

filling the five council seats, instead of the present mayor, clerk and three trustees.

THE COUNCIL decided to advertise for applications from persons wishing to be appointed clerk. The job may be full or part-time. Applications will be considered at a special meeting at 7:30 p.m. Jan. 7. Men or women (they don't have to be village residents) may apply. They should have accounting training. The salary has not yet been set.

The four persons who previously applied for the job of deputy clerk will be notified of the clerk's opening. If a part-time clerk is hired a deputy may be hired too.
At 7 p.m. Dec. 26, the council will hold a special meeting on a proposal to regrade village streets paving sometime in the future. The council will also consider whether to buy hose for the sewer department for flushing sewers. The council may accept an informal bid without advertising if the cost is under \$1,000. Fire Chief Joseph Trochta has been seeking informal bids.

A SECTION of an ordinance forbidding operation of a pool table in the village liquor store was eliminated. This follows a reminder from the State Department of Public Examiner that the village was violating the ordinance by having a coin-operated pool table in the liquor store. This reminder was contained in the recent formal report that the state department issued a recent audit of the village's books. Much of the report concerned the liquor store.

Effective Jan. 1, the council raised the monthly salaries of liquor manager Willard Batchelor—from \$420 to \$435—and bartender Alphonse Symick—from \$355 to \$375. There was a 3-2 vote on the liquor store employees' raises. Voting for the raises were Mayor Rex A. Johnson, Trustee W. F. Sweeney and Dr. E. G. Callahan, clerk. Opposed were Trustee Harris Anderson and Robert E. Bundy.

ALSO APPROVED for Jan. 1 was a raise for Elmer Obitz, village maintenance man, whose duties have increased with installation of sewer and water systems. His monthly salary of \$325 was increased to \$400. Arthur Herick was hired as custodian of the recreation building, nearing completion in village park, and the adjoining skating rink. His hourly salary has not yet been set. It will be a part-time job. He will start work soon.

The State Department of Health will make final tests of the village's water Dec. 26. Meanwhile, only villagers urgently in need of water are getting service.

State Highway Traffic Deaths Rise to 657

By THE ASSOCIATED PRESS
Minnesota's traffic fatalities moved to 657, still down 53 from a year ago, with deaths of two men in separate Monday accidents.

Ray Engeswick, 56, Westbrook farmer, died two hours after his car had collided with one driven by Herman Reetsma, 57, and also of the Westbrook area, at a Cottonwood County intersection.

Reetsma was hospitalized but his injuries were not believed serious. Both men were driving alone.

Second victim was Thomas F. Simons, 33, Mound, who died Monday night shortly after his car had slid out of control on ice-slicked Highway 10 north of Elk River and overturned.

A passenger, Walter Ginn, 37, Minneapolis, suffered only cuts and bruises. Simons, rushed to a Minneapolis hospital, died of a punctured lung.

In a non-highway accident, John P. Marquardt, 77, was killed when his tractor tipped as he was doing some minor logging near his home at Max, north of Grand Rapids.

Relatives found the victim's body pinned under the machine when he failed to return home for supper.

More Than 50 Call on BAG

GALESVILLE, Wis. (Special) — The senior citizen of Galesville greeted over 50 people who wished him happy birthday Sunday.

Bert Gipple, known as BAG, entered his 93rd year, celebrating his 92nd birthday. He received well wishers Saturday and greeted them stopping by Monday.

When he has time to sort the birthday from the Christmas cards, he will have well over 100.

Reminiscing went on for a few hours when his boyhood chum dropped by to spend the evening. Gipple lived in North Bend a few years as a child. There he met and played with Charles Ristow, now 90 years old. Ristow still lives in North Bend and sells insurance.

Plainview Co-op Conforms to Law

PLAINVIEW, Minn. (Special) — The Peoples Cooperative Association of Plainview passed an amendment to its by-laws at a special stockholders meeting.

The meeting was held in the American Legion Community Building here Friday afternoon. The amendment was made so that the association will conform to the new tax law.

Axel Peterson, fieldman representative from Midland Cooperative, explained the by-law change. Board members of the association are: Ray Russell, president; Forrest Lamprecht, vice president; Lester Christensen, secretary; Earl Zabel, Ray Borgen, Walter McMillin, Alfred Drenckhahn, Ambrose Simon and Ronald Reed.

WORLD TODAY

Days Ahead No Rosy Picture

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — President Kennedy, in a sober and coldly realistic look at the world, paints no rosy picture about the days ahead.

In an hour-long interview with three reporters on television Monday night:

1. He gave American allies in Europe an almost brutal rebuke for not doing their share against communism.

Fight Over Skybolt Is Broadening

WASHINGTON (AP) — The fight over the Skybolt missile appeared to be broadening today with a congressional investigation in the offing.

Sen. Richard B. Russell, chairman of the Senate Armed Services Committee, said the whole matter of dropping or continuing the proposed missile will be investigated.

President Kennedy indicated he will back Secretary of Defense Robert S. McNamara's reported recommendation that Skybolt be dropped.

An informant said the four military chiefs of staff have voted in favor of continuing Skybolt.

A Pentagon spokesman said the controversial missile is at least two years behind schedule.

President Kennedy indicated he favors dropping Skybolt when, in his radio-television appearance Monday night, he said:

"We put \$350 million into Skybolt. No other country has put anything into the actual manufacture of Skybolt. If we complete it, the British would have bought a hundred missiles, we would have bought a thousand. It would have cost us \$2.5 billion."

Britain has been depending on Skybolt for its main nuclear deterrent, and the matter is expected to come before Kennedy and British Prime Minister Harold Macmillan at their talks in Nassau.

An informant said the Joint Chiefs of Staff—Air Force Gen. Curtis E. LeMay; Adm. George W. Anderson, chief of naval operations; Army Gen. Earle G. Wheeler, and Marine Gen. David M. Shoup—had unanimously approved going ahead with Skybolt and believe it can be made operational by its late 1964 target date.

McNamara reportedly is recommending the missile be dropped because of serious technical and money problems.

GOES TO IOWA CITY

Miss Ethel Fellows, 253 Washington St., is in Iowa City, Iowa, where Mrs. R. D. Fellows is seriously ill.

2. He threw cold water on any summit meeting soon with Premier Khrushchev and on any idea it would do good if held soon.

3. He told those who think this country has borne too much of the world's burden too long: "We can't lay it down . . . in this century."

4. He expects about as much tough going with Congress in 1963 as he had in 1962. In this year's election Democrats picked up four Senate seats, the Republicans two House seats.

5. He indicated none of the optimism which swept over some people here after Russia's back-down on Cuba. They seemed to see or sense big changes coming.

The Allied forces in NATO are supposed to be their first line of defense against a Communist attack. The American allies have been notoriously deficient in supplying their share of troops.

But this has generally been softened by the American government, apparently for fear of offending the West Europeans. The United States also has been shouldering the big bulk of aid to backward countries.

Kennedy pointed out the United States has six divisions in NATO, "about a fourth of all the divisions on the Western front. They are the best equipped. They can fight tomorrow, which is not true of most of the other units."

"So we are doing our part there. And we are also providing the largest naval force in the world. We are also providing the nuclear force in the world, and we are also carving out the major space program for the free world, as well as carrying the whole burden in South Viet Nam."

He said the United States is more than doing its part and "we hope Western Europe will make a greater effort on its own, both in developing conventional forces and in assistance to the underdeveloped world."

This is as blunt as any president has talked to the Allies in public. Kennedy sounded like a man fed up with listening to excuses.

Last week Khrushchev made a fairly mild speech on Russian-American relations. Kennedy referred to this speech to say "we are better off with Khrushchev than with the (Red) Chinese."

But if anyone thought this meant Kennedy saw a new era coming, he quickly provided the disillusionment with this single sentence: "But Mr. Khrushchev does not wish us well, unfortunately."

And he added: "I don't think we are about to see a whole change in Communist policy . . . Until we see some breakthrough in some one area I don't see there is much advantage in Mr. Khrushchev and I meeting, even though we have been in communication . . . I don't think there is a need for us to meet now. I think he probably feels the same way."

DEAR ABBY:

Mother-In-Law's Dust Is Flying

By ABIGAIL VAN BUREN

DEAR ABBY: I have a different kind of mother-in-law problem. She isn't in my home five minutes when she drags out my vacuum sweeper, mop and dust cloth. Even when I explain that I have just given the place a thorough cleaning, she goes right ahead and pulls the house apart, moves the furniture and crawls under the beds looking for dirt. When I invite her for dinner she comes hours early and takes over the kitchen. I have had 14 years of housemaking experience and feel that I do a pretty good job. How can I let her know I do not need her help? MAD

DEAR MAD: Your mother-in-law obviously hasn't enough to keep her busy at home and is merely flexing her domestic muscles at your place. Let her have a good time.

DEAR ABBY: Please set a couple of teenagers straight as my advice is not wanted. They go steady and have decided to spend from \$50 to \$100 on each other for Christmas. They both work. Their wages are small and what is left weekly is \$10 or less. MOM

DEAR MOM: I think they are spending too much on a single gift, but if they have earned the money, it's their privilege.

DEAR ABBY: A 16-year-old neighbor girl babysat for us last Saturday. She asked me beforehand if her boy friend could keep her company while she sat, and I didn't see any reason why he shouldn't. When we got home (about midnight) it was pitch dark in the house and the girl and her visitor appeared very rumpled and disarranged. My husband said that we should not permit this girl to have company again while she sits for us. How can I refuse her if she asks again, without implying that I don't trust her? THE LADY ON THE CORNER

DEAR CORNER: Whether she thinks you "trust" her is not as important as making sure that nothing regrettable happens in your home.

DEAR ABBY: I used to be a very heavy drinker. I had to have a shot of whisky first thing in the morning so you know I was not exactly a "social drinker." I met a woman who said she would marry me if I quit drinking. I joined A.A. and haven't had a drop of whisky since New Year's 1961. Now this woman says she changed her mind and doesn't love me enough to marry me. I am ready to start drinking again. Do you think she has been fair to me and how can I get her to keep her promise? SOBER BUT WEAKENING

DEAR SOBER: Sobriety is your life-saver and this woman provided it. You owe her a lot, so thank her and say good-bye. Perhaps this is a test. If you stay sober through this crisis, she might marry you after all.

DEAR ABBY: For you and that bewildered Mr. Tucker, who wanted to find out where the expression "all tucked out" came from: It dates back to the old English dialect. It originated from "tucked up"—which means cramped for space. It finally came to mean "all worn out" or "all tucked out." I don't know why you got so tucked out trying to get this information. I got it from the English Department at the University of Minnesota in less than an hour. "FRESH AS A DAISY" (MINNEAPOLIS)

Logan Good Test for Us, Says Cotter Coach Nett

By AUGIE KARCHER
Daily News Sports Editor

"Logan should be a good test for us," said Cotter Coach John Nett today as he prepared to escort his Ramblers to La Crosse tonight for their sixth game of the season and last of the pre-holiday schedule.

"If we can do a good job, it may convince us that we can go some place this season," said Nett.

Tonight's contest in the Ranger Gymnasium will match teams with identical 3-2 records.

Cotter clipped Wabasha St. Felix 67-46 in its last outing Friday, while Logan stumbled to La Crosse Aquinas 54-50.

Cotter holds a 47-46 triumph over Aquinas in the second game

of the season, coming from behind in the last quarter. Oddly enough, the Bluegolds needed a spurt in the last three minutes to beat Logan Friday, outscoring the Rangers 12-5 in that span.

Nett said he will go with his same starting five against the Rangers. Loran Koprowski and Sam Czaplewski will be at forwards. Bob Judge at center, and Gene Schultz and Rich Starzcki at guards.

Logan is bulwarked by Dick Koeller, a talented sophomore, and Gary Addis. Koeller collected 21 points against Aquinas and split 10 rebounds with Addis. Jim Lenzel had six rebounds and 10 points and Addis another 11 points up front.

The Ramblers, who have

shown flashes of great form, have been hurt by inconsistency at times. In their last two outings, however, they have overwhelmed opponents with sheer power for four quarters.

Nett's bench, which may be the key to his entire season, gets stronger game-by-game. Reserves Russ Fisk and Mike Jerecek, of late, have been responsible for no weakening of the Cotter attack as Nett rests regulars.

Cotter after tonight is idle until Dec. 28 when the Ramblers meet Alma in a holiday tournament at Cochrans-Fountain City. C-F.C. plays Independence and the following night it's Cotter-C-F.C. and Independence-Alma.

Fourth Road Loss 60-48

ST. PAUL (Special) — Arlin Buyert and Gary Davison racked up 50 points between them while an aggressive Macalester man-to-man defense held St. Mary's to just two baskets and eight points in the final nine and a half minutes of the game to send the Redmen reeling to their fourth successive road loss 60-48 in an MIAC test in the Mac fieldhouse here Monday night.

Buyert, a 6-4 forward and the team captain, enjoyed a torrid night in counting 31 points.

THE JUNIOR leftman tossed in 11 buckets, most of them from within three feet of the basket, and added nine free throws in 11 attempts. Davison also did most of his work under the bucket in tallying six field goals. The 6-3 sophomore forward also had a perfect night from the charity stripe, connecting on all seven of his offerings.

The victory was the first MIAC win for the Scots in two starts and boosted their season mark to 2-5, while it was St. Mary's second lopsided loss in as many MIAC tries and left the Redmen with an even 4-4 overall slate.

ST. MARY'S won't return to action until Dec. 27 and 28, when the Redmen take the court in the Daily Plainsman Holiday Tournament in Huron, S.D.

For the first three quarters of Monday's game, the Christmas spirit seemed to predominate as each team attempted to give the game to the other through numerous mechanical errors, bad passes, forced shots, missed lay-ups and other coaches' nightmares.

The spirit changed abruptly, though, after Al Williams hit a layup and Mike Maloney sank two free throws to tie the score, 40-40, with 9:52 remaining. The Scots stormed back with eight straight points, including four by Buyert and two by Davison, before the Redmen could register another point some three and a half minutes later, to post a cozy 48-40 lead.

St. Mary's didn't score a bucket again until Maloney tipped in a rebound with 2:07 left and the Scots up 56-43. The final Redmen fielder came on a three-point play by Frank Meekins with 11 seconds left.

WHILE THE Winona crew was missing shots and throwing the ball away, Buyert and Davison were dividing Macalester's final 12 points to give the Scots a comfortable victory margin.

The first half was a loosely played affair, with the teams managing to total only 40 points. The Redmen held a 25-24 lead at halftime, largely due to the efforts of Williams and Tom Hall, who scored 12 of the Redmen's final 15 points in erasing a 14-10 Mac lead.

St. Mary's upped its margin to 29-26 in the first minute of the second half, but the Scots (more correctly, Buyert and Davison) went on a scoring spree to push Macalester out in front 36-31 with 15:59 remaining.

DESPITE THE brilliant performance of Macalester's two forwards, neither team enjoyed an exceptional night from the field. Macalester shot an acceptable 40 percent, canning 21 of 52 shots, while the Redmen posted 32 percent on 19 of 58. Particularly disastrous to St. Mary's was the second half, when Redmen guards fired 31 shots and connected for only nine field goals, an average of .290.

The Scots also profited at the free throw line, converting 18 of 26 charity offerings off 22 Redmen infractions.

Cincy Holds Top Spot for Third Week

By THE ASSOCIATED PRESS

The Cincinnati Bearcats, ranked the top basketball team in the Associated Press poll for the third straight week today, have a tough week ahead to protect their No. 1 rating.

Winner of 24 straight over two years and driving for its third straight national championship, Cincinnati tangles with tough Dayton on Thursday and surprisingly strong Davidson on Saturday. Davidson has a 4-1 slate, having lost only to Duke, the second ranked team in the poll.

Cincinnati drew 42 of the 44 first place votes in the weekly voting by sports writers and broadcasters on the AP panel. Duke got the other two.

The Bearcats (6-0) had 438 points of a possible 440, with Duke (6-0) drawing 349 points. The rest of the top five remained unchanged, Ohio State (5-0) third with 302 points, Chicago Loyola (4-0) fourth with 218 and Mississippi State (5-0) fifth with 213. Records include games through last Saturday.

Colorado's Buffaloes (4-0) went from eighth to sixth place with 126 points, on the strength of an easy win over Pepperdine. West Virginia (3-1) slipped a notch to seventh with 196 points, despite a one-sided victory over Richmond.

Illinois (3-0) stepped into eighth place from the 10th spot on the strength of an overtime triumph over Iowa State.

Kentucky (3-1) moved back into the top ten with a 71-60 decision over Northwestern, good for ninth place.

Drysdale Tops 5 NL Pitching Categories

CINCINNATI (AP)—The several good reasons Don Drysdale was named winner of the Cy Young award as the major league's outstanding pitcher in 1962 are reflected today in the release of the official National League pitching records.

Drysdale, big Los Angeles Dodger right-hander, led the NL in five categories: Games won—25, strikeouts—232, innings pitched—314; games started—41 and total batsmen faced—1,289.

The Dodgers' workhorse finished fourth in earned run average with 2.84. The ERA title was won by Drysdale's teammate, lefty Sandy Koufax, who compiled a 2.54 mark. Bob Shaw of Milwaukee was the runner-up at 2.80, and Cincinnati's Bob Purkey was third with 2.81.

Koufax yielded 52 earned runs in 184 innings while winning 14 games and losing seven. He was sidelined for two months with a finger injury.

Purkey and Joey Jay of Cincinnati and Jack Sanford of San Francisco were the only others to win at least 20 games. Sanford had 24 victories, Purkey 23 and Jay 21. Purkey had the highest won-loss percentage, .821 on a 23-5 record.

Veteran Warren Spahn of Milwaukee failed to win at least 20 games for the first time in seven years. However, the crafty southpaw, who picked up 18 victories in '62, pitched 22 complete games to lead in this department for the sixth straight campaign.

Jack Hamilton of the Philadelphia Phillies was the circuit's wild man. He led in bases on balls, 107, and wild pitches, 22. Teammate Art Mahaffey, a 19-game winner, permitted the most homers, 36.

Bob Friend of Pittsburgh and Bob Gibson of St. Louis, both right-handers, set the pace in shutouts with five apiece.

Pittsburgh had the lowest collective earned run average, 3.38. St. Louis was next with 3.55 and Los Angeles third 3.61.

DOMINATE ALL-AFL SELECTIONS

Dallas, Houston Place 11

NEW YORK (AP)—Dallas and Houston, the two teams that meet Sunday at Houston for the American Football League title, placed a total of 11 men on the first offensive and defensive units of the All-AFL team selected for the Associated Press today by a committee of sports writers and broadcasters in the eight league cities.

Dallas, the Western Division champs, put quarterback Len Dawson, halfback Abner Haynes and end Chris Burford on the offensive team and linebackers Sherrill Headrick and E. J. Holub and safety Bob Hunt on the defensive club.

Houston, Eastern winners for the third straight year, put flanker back Charlie Hennigan and tackle Al Jamison on the offensive team and end Don Floyd, tackle Ed Hummann and corner back Tony Banfield on the defensive unit.

The first team backfield included fullback Cookie Gilchrist of Buffalo, who set a league record for rushing yardage in 1961, and Dawson, Haynes and Hennigan.

Teaming up with Burford, who will miss the title game because of injuries, was Lionel Taylor of Denver. Harold Olson of Buffalo

Judge to Rule On Pender Suit

NEW YORK (AP)—Boxer Paul Pender's bid to regain the New York version of the world middleweight title was in the hands of a Supreme Court Justice today.

Justice Arthur G. Klein reserved decision on a move by Pender, an ex-Marine from Brookline, Mass., to set aside the action of the New York Athletic Commission, which stripped him of the title for failing to defend it in the allotted six months.

In court Monday, Pender's attorney, George Gallant, said that 11 days after Pender regained the New York, Massachusetts and European portion of the middleweight crown this year, the boxer signed to fight Gene Fullmer, who was recognized as champion in the other states.

Gallant said that the fight was canceled by the promoter through no fault of Pender.

The attorney also maintained that Pender, although injured in an automobile accident, continued to try to get fights with recognized contenders, and finally signed on Aug. 20 to fight Jose Torres of New York.

Assistant Attorney General Irving L. Rollins resisted the application. He maintained that Torres was an "unrated fighter." Rollins said the commission insisted on suitable contenders.

"If not, a fighter would pick a soft touch," he said.

Pender won his portion of the 160-pound title from Sugar Ray Robinson Jan. 27, 1960, and lost it July 1961 to Terry Downes of England. He regained it from Downes on April 7 this year.

Fullmer lost his share of the crown to Dick Tiger of Nigeria in San Francisco Oct. 23.

CHICAGO (AP)—Carol Sorenson, a 20-year-old blue-eyed blonde from Janesville, Wis., has been named the "Most Beautiful Golfer" in "Golf Digest's 9th annual poll of the nation's golf writers."

Miss Sorenson, whose vital statistics are 34-22-34, was chosen over four other finalists. She received a prize of \$150 in merchandise credit, within the amateur award limits, at the Janesville Country Club pro shop of Russ Tuvesen.

Basketball Clinic For Nine-Year-Olds

Fundamentals of basketball will be taught in a series of clinics for nine-year-old boys each Thursday night from 6:30 to 8 p.m. starting this week.

The program, to be held in the girls gym, at Winona High, will be instructed by Maurice Godsey and is a project of the Winona Park-Recreation department.

Redmen Six Triumphs 2-1

NORTH ST. PAUL — St. Mary's captured its third straight hockey triumph and second of the MIAC season by edging Augsburg 2-1 here Monday night at Aldrich Arena.

A straight-line shot by Bob Paradise tied the score in the third period proved to be the margin of victory.

ST. MARY'S scored in the first period on Andre Beaulieu's goal on an assist from Paradise. That came with 9:57 gone in the game.

After a scoreless but penalty-marred second period, John Ostby of Augsburg beat Redmen goalie Fritz Kokesch at 3:02 of the third quarter.

Paradise then rifled a shot from halfway between the blue line and the goal which Augie goalie Rich Kuehne let get by him.

"We were bushed," said St. Mary's coach Max Molock after the contest. "Much of the time we were skating three men against their five."

McCORMICK NAMED REDMEN CAPTAIN

Dick McCormick of Hopkins, Minn., has been named captain of the St. Mary's College hockey team.

Coach Max Molock announced the appointment.

McCormick is a junior and plays left wing for the Redmen.

A TOTAL OF 14 penalties were assessed, including a delay of game against St. Mary's Bob Magnuson in the second period, for making no play of the puck when not being attacked.

Kokesch earned 18 saves in the contest while the Redmen bombarded Kuehne with 28 shots, 10 in the first period and 13 in the last.

St. Mary's is now idle until Jan. 5 when Augsburg plays at Terrace Heights.

FIRST PERIOD: Scoring—St. Mary's, Beaulieu (Paradise) 3:02. Penalties—Berrigan (tripping) 1:37; Paradise (slashing) 6:00; Westby (interference) 8:00.

SECOND PERIOD: Scoring—None. Penalties—Lee and McCormick (high sticking) 2:18; W. Johnson (elbowing) 3:20; Magnuson (delay of game) 5:01; Berrigan (elbowing) 5:27; Paradise (interference) 11:18; Berrigan (illegal checking) 13:03.

THIRD PERIOD: Scoring—Augsburg, Ostby (unassisted) 3:02; St. Mary's, Paradise (unassisted) 3:56. Penalties—Raymond (interference) 3:20; Berrigan (high sticking) 1:57; W. Johnson (tripping) 2:32; Lee (slashing) 7:53.

STOPS: Kokesch (SW) 4 4 8-18; Kuehne (A) 10 13-28.

St. Norbert Wins 76-75

By THE ASSOCIATED PRESS

St. Norbert, one of Wisconsin's teams, came close to bagging a big one Monday night but missed chances for four points in the final minutes and was beaten 76-75 by St. Mary's of California.

River Falls beat St. John's of Minnesota in the only other game Monday night.

The Green Knights had a 42-37 intermission lead but fell behind in the second half in the face of a balanced scoring attack by St. Mary's. A crowd of 1,200 saw the game in Green Bay's Brown County Arena.

St. Mary's, behind 11 points by Joe Lee and eight by Steve Gray, had opened a 76-71 lead going into the last minutes. A pair of quick baskets pulled the Green Knights to within a point, but they missed another field goal and two free throws before time ran out.

Gray, the game's top scorer, had 19 points. Mike Wisneski and Jim Paprocki led St. Norbert with 18 each, shooting their best in the first half. Paprocki got a dozen points and Wisneski 14 before the intermission.

St. Mary's, 3 and 3 for the season, shot .540 from the floor, hitting on 34 of 63 shots, and made good on all but three of 11 free throw attempts.

River Falls, playing at home, broke away from St. John's in the second period. The Johnnies were in front 34-33 at the intermission, and held the lead briefly in the second half before the Falcons turned to a press and fast break to take a 20-point lead with six minutes remaining.

ST. THOMAS VICTOR

Augsburg Posts Seventh Straight

Minnesota college basketball activity slows to a snail's pace the rest of this week after nine state teams saw action Monday night.

Only game on tap tonight has Pacific Lutheran at Minnesota Duluth. Wednesday, Lutheran plays at Augsburg for the only contest that night.

Monday night, Augsburg reeled off its 7th straight victory, 3rd in the Minnesota Intercollegiate Conference, by crushing Gustavus Adolphus 68-47.

In a pair of other MIAC contests, St. Thomas posted its second straight league win by dumping Hamline 57-48, while Macalester whipped St. Mary's 60-48.

In non-conference play, Pacific Lutheran nipped Concordia 57-66. River Falls, Wis., downed St. John's 84-56, and Wahpeton mauled Northwestern of Minneapolis 100-62.

Augsburg pulled away to a 40-20 halftime bulge and toyed with Gustavus. Dan Anderson led the Augies with 15, while Ken Abram counted 14 for Gustavus, now 1-2 in MIAC play.

St. Thomas ran its MIAC record to 2-0 by racing past Hamline to a 32-22 halftime lead after the Pipers once led 6-0. Tom Randall's 16 points were high for the Tomies. Fred Schmeissing got 15 for the Pipers.

Frank Johnson topped Concordia's losing effort with 21 points, while Craig Myrnes got 25 in St. John's loss.

Loyola Rolls At 111.8 Clip In Five Wins

By THE ASSOCIATED PRESS

Loyola of Chicago's racehorse basketball team is something to get excited about.

In five games, all victories, the Ramblers have piled up 559 points for a 111.8 average. Monday night Loyola, ranked fourth in the latest Associated Press poll, hit a season high while clobbering Western Michigan 123-102.

Fifth-ranked Mississippi State had its darkest hour of the campaign in Blacksburg, Va., where Virginia Tech ended State's 19-game winning streak in an 82-65 upset. And ninth-ranked Kentucky was knocked off by North Carolina 68-66 for its second setback this month on its Lexington, Ky. court. Virginia Tech was the initial spoiler 80-77 on Dec. 1.

Illinois, No. 8, trounced San Jose State 90-64, but the 10th-ranked Seattle Chieftains just managed to squeeze past Xavier of Ohio 76-74.

In other top games, Wichita handed Arizona State its first defeat of the season, 92-90, when Larry Niesch hit a jump shot with five seconds left in overtime.

Iowa turned back a late Clemson rally for a 74-64 victory; Southern Methodist beat Northwestern 80-75; Houston defeated Missouri 75-61; Morehead kept its unbeaten record intact with an 81-80 conquest of St. Bonaventure; Iowa State trounced Toledo 69-51; Kansas walloped Denver 68-43.

Nebraska edged Miami of Ohio 72-69; Bradley outlasted Adams State 82-46; Indiana tripped Detroit 92-84 and Tennessee romped over The Citadel 73-55.

Niesch's dramatic basket for Wichita on its home court was his only one of the game against Arizona State. He entered the contest with two minutes left in regulation time. Dave Stallworth of the Shockers was the high-point man with 38.

Elsewhere, Georgia Tech eased away from a 28-all halftime tie and edged Alabama 58-55 at Tuscaloosa, Ala., in a Southeastern Conference game that doesn't count in the standings; Furman edged William and Mary 56-55; Wayne Estes had 22 points as Utah State outlasted San Diego State 101-57; Creighton defeated Ohio University 57-55 at Omaha; Baylor downed Tulane 75-66; Auburn defeated Chattanooga 70-37 and Oklahoma State stayed unbeaten with a 68-62 triumph over New Mexico State.

In the opening round of the Union University basketball tournament at Jackson, Tenn., Union whipped Mississippi College 88-73 and Wofford beat Tennessee Martin 66-59.

DRILL ON DEFENSE

Bruhn Names 44-Man Squad for Rose Bowl

MADISON (AP) — The Wisconsin football squad concentrated on defense Monday in a spirited indoor workout with an eye toward its Rose Bowl game with Southern California on New Year's Day.

Coach Milt Bruhn said the session "wasn't exactly a scrimmage but they were hitting each other pretty hard." He said the rest of the week would be devoted to the offense and game plans. He also said the squad appeared to be in good physical shape.

Although the weather was comparatively warm, Bruhn said he was satisfied with drills in the

Memorial Building and "would just as soon keep them there." The Badgers leave Saturday for the West Coast and seven more practice sessions.

Bruhn named a 44-man traveling squad. He said the only uncertain member was guard Dion Kempthorne, who has been under observation for a week in the student infirmary because of a stomach ailment.

Bruhn said he would take Kempthorne on the trip "if he can get out." Otherwise he will be replaced by William Weisendanger, sophomore from Freeport, Ill.

The traveling squad by position:

ENDS—Ron Carlson, Elmer Ezerling, Ralph Farmer, Duncan Hoffman, Larry Howard, Ron LaBlanc, Pat Richter, Don Hendrickson.
TACKLES—Lee Barnes, Ron Harrel, Roger Jacobson, Niles McVester, Roger Piliath, Al Piraine, Andy Weidula, Steve Young.
GUARDS—Mike Gross, Jim Jax, Dion Kempthorne, Bob Monk, Ron Paar, Jim Schmitt, Steve Underwood, Ernest Van Heining.
CENTERS—Ken Bowman, Pete Bruhn, Joe Heckl, Jim McMillin.
QUARTERBACKS—Harold Brandt, John Fabry, Arnie Guernsey, Ron Vanderkamen.
LEFT HALFBACKS—Louis Holland, Ron Kralin, Jim Nellis, Carl Silver.
RIGHT HALFBACKS—Gary Krocar, Frederic Richards, Ron Smith, Bill Smith.
FLYBACKS—Ralph Kurek, Marvill Norvett, Tom Poserwitz, Jim Purnell.

CIERZAN TAGS 600

Nine Rack 500 In Pin Topplers

One lone 600 total was registered in Winona bowling Monday night, but in the Pin Toppler's League at Westgate Bowl, nine women posted 500 totals.

John Cierzan, bowling for Phillips 66, belted 600 even in the Monday League at the Winona Athletic Club. Dick Galewski shot a 216 game for Polly Meadows which totaled 890-2,864.

Marge Moravec and Esther Pozanc of Watkins Mary King each smashed 563 in the Pin Topplers. Betty Englerth had 225 for Main Tavern which rolled 897-2,703. None of the scores, however, could make the city's Top Ten.

Other 500s were: Audrey Goreski 538, Isabelle Rozek 524, Delores Wicka 516, Helen Nelson 516, Irene Gostomski 511 and Jerri Pascoe 506.

WESTGATE BOWL: Community — Earl Ford of Schmidt's Beer socked 545 and Arlie Morcomb of Hackbarth Feed had 211. Winona Rambler rushed to 977 and Silver Dollar Bar totaled 2,775.
Ladies — Mary Serwa of Silver Dollar tumbled 488 and Loan Loe rolled 183 for the Oaks. Silver Dollar took team honors with 878-2,483. Garukowski Beauty and The Oaks share the loop lead.

WINONA AC: Go-Getters — Carolyn Prenot of Markie Stevenson bagged 169-458 as her mates shot an 866 game. Don Springer Signs, league leader, fired 2,423.
ST. MARTIN'S: Ladies — Nancy Gensmer toppled 465 for first place Coca Cola and Elizabeth Johnson hit 189 for Winona Typewriter. The ladies totaled 886-2,508.

KEGLERS LANES: Satellite — Charlotte Muras downed 463 for

Sunshine Cafe and Mary Lou Kulas of Coca Cola had a 182 game. Sunshine Cafe took team laurels with 852-2,532.

HAL-ROD LANES: City — Bob Klage rocketed a 536 for Merchants Bank which totaled 2,847. Jerry Turner of Pepsi Cola hit a 246 game and Wally's-Fountain City had a 1,000 even. Errorless counts were registered by Walt Williams 574 and Erv Praxel 566.
VFW — Bill Hohmeister of Watson's Supper Club clipped 579 and Chris Wiefenbach of Blanche's Tavern bumped 254. Bernie's DX fired 1,070, four short of the top 10, and Blanche's had a 2,888 series.

Park-Rec Jr. Girls — Diane Bambenek rolled 341 for Alley Cuts and Bev Billgen 177 for H-F All-Stars which totaled 634-1,263.

Syracuse Fights LA Cage Jinx

By THE ASSOCIATED PRESS

The Syracuse Nationals are consistently the hardest club for the Los Angeles Lakers to beat, but in Los Angeles the Nats simply cannot win.

They bowed to the National Basketball Association's Western Division leaders again Monday night, 121-114. Syracuse hasn't won a game in Los Angeles for three years.

Yet, away from Los Angeles, the Nats have won three straight from the Lakers and they're the only club that has a series edge on Los Angeles—3-2.

NY Giants Place 8 On Pro Bowl Squad

LOS ANGELES (AP)—The New York Giants will have eight players on the Eastern Conference squad that meets the West here Jan. 13 in the National Football League's annual Pro Bowl game.

The seven head coaches of the Eastern Conference Monday selected a squad of 32 players for the 13th annual charity contest. The Western Conference selections will be made later this week.

The Cleveland Browns placed six men on the Eastern squad, the St. Louis Cardinals' five, Pittsburgh, Dallas and Washington four each, and Philadelphia one.

Houston Vies for Third NFL Title

DALLAS, Tex. (AP)—The top team in offense and the leading team in defense will play for the American Football League championship when Houston meets Dallas at Houston Sunday.

Final statistics of the regular season showed today that Houston was the No. 1 offensive unit with 4,971 yards—an average of 355 yards per game.

Dallas was second in offense with a 347 yards average and Houston was second in defense, giving up an average of 293.

Oakland won only one game out of 14 but set a record in pass defense. The Raiders surrendered only 2,066 aerial yards for the season.

The Los Angeles Angels have yet to produce a 300 hitter. They have been in the American League two seasons.

New Caledonia Hospital Nursery Quickly Occupied

CALEDONIA, Minn. (Special)—Baby girl Olafson, daughter of Mr. and Mrs. Mervin Olafson, Caledonia Rt. 2, was snugly unaware of the gifts showered on her by Caledonia merchants today, but some day she'll know she was the first baby born in the new Community Hospital here.

She arrived at 5:52 a.m., less than 24 hours after the new \$750,000 building was occupied.

THE OLD hospital, now vacant, was a 21-bed unit, and was full when moving preparations got under way at 7 a.m. Monday. All 41 hospital employees were called into service for the move. Patients had baths and breakfast in the old building. The exodus began at 10 a.m. by 11:45 a.m., the noon meal was being served to patients in their bright new quarters.

The new 37-bed unit is connected with the old hospital by corridor and elevator—the new building is one story, the old, two floors.

The new hospital has admitted four patients since being occupied Monday.

Dedication of the hospital will be postponed until next summer and more pleasant weather, according to Administrator C. S. Stenehjem. At that time, visitors also may have an opportunity to visit the new nursing home, converted from the old hospital. The connecting addition and planned renovation will increase the capacity of the nursing home to 35-40 beds.

WORK ON the nursing home must be postponed several weeks for completion of the plan by Smiley & Associates, Minneapolis architects, and approval by the state Board of Health.

Despite cold weather, snow and slippery roads, an estimated 1,600 attended open house at the new Caledonia Community Hospital Dec. 8 and 9.

KENNEDY

(Continued from Page One)

home of Toronto financier E. P. Taylor, in the luxurious Lyford Cay development. Macmillan is staying next door at the home of Mrs. W. R. G. Holt.

The two leaders will delve deeply into problems that threaten to cause serious quarrels within the Western alliance, and into assessments of the present cold war situation and the widening split between the two Communist camps led by the Soviet Union and Red China.

Their discussions will cover the Skybolt controversy, the strategy to be followed in the wake of the October crisis over Cuba, the Moscow-Peking split which deepened from Soviet Premier Khrushchev's backdown over Cuba and Red China's border attack on India, and the future British-American military assistance program to India.

The Cuban crisis, which brought the world to the brink of nuclear war, sharpened American pressure on Britain and France to abandon their independent nuclear deterrent forces and concentrate instead on increasing their conventional forces.

The United States has informed Britain it intends to scrap the Skybolt bomber-borne missile, in view of five test failures and an estimated eventual cost of \$2.5 billion to develop it.

This has raised objections in Congress and protests from the British that it would scrap their nuclear deterrent as well. Britain planned to equip the missiles with its own nuclear warheads and put them aboard its subsonic bombers.

The London Daily Mail reported Macmillan will ask Kennedy for a "stay of execution" of the Skybolt decision for at least three months.

This delay would enable Britain still to claim she is a nuclear power as she faces the six-nation European Common Market in the hard bargaining still coming up over her admission to the trading bloc.

London's Daily Sketch said Macmillan will propose putting Britain's nuclear weapon stockpile under NATO control on the

Tuesday, December 18, 1962 WINONA DAILY NEWS 17

condition that French President Charles de Gaulle and Kennedy agree to equal three-power control over a multilateral NATO deterrent.

On leaving Britain Macmillan declared he had no doubt he and the President would find a way around their difficulties "in the spirit of agreement which we have always had with the American people."

Most Pentagon experts think technical difficulties have so delayed the Skybolt that it will not be ready until 1966 or later, at least two years behind schedule, and by then or soon after Miruternan and Polaris missiles will

supply the nuclear punch instead of manned bombers.

In comparing notes on the India-China border warfare and in considering relative contributions to assistance for the Indians, the two leaders will have at their elbows on Thursday some of their chief assistants who have handled the problem.

These include U.S. Assistant Secretary of State W. Averell Harriman and British Commonwealth Relations Secretary Duncan Sandys, who took leading roles in getting India and Pakistan to agree to negotiations on patching their Kashmir feud.
